AROUSED BY GERMAN PAPERS AND CARTOONS.

LONDON TIMES DISCUSSES IT

CALLS CARTOONS WORST OF INDECENCIES.

THE TIMES TAKEN TO TASK

ITS UTTERANCES LIKELY TO FAN FLAMES OF WAR.

London, Jan. 13.—A remarkable article appeared in today's Times, under the caption of "Literature of German Anglophobia," recounting the character of the anti-British cartoons which have appeared in the German newspapers, which, the Times says, "in coarseness, obscenity and venom are without a parallel in modern times."

The wisdom of the publication of the article at this juncture is much questioned. The Star says:

"The Times today of all days begins a series of articles on the offensive German caricatures. Every newspaper has long been aware of these caricatures, but the responsible journals have not advertised these insults, simply because no good could be done by setting the British and German peoples by the ears. The Times ought to hesitate before it deliberately flogs the passion of the people. Are our publicists mad? Can they not see the abyss towards which they are bounding this long-suffering nation?"

The Times article, which is two columns long, says:

"These papers are not gutter-sheets, but are sold everywhere at the stations of the state railroads, even at Potsdam station, where the emperor is constantly traveling. He was finally obliged to personally order their removal. Neither are these papers anonymous. One of the most infamous of all, entitled, 'The Boer War,' bears on the title pages the names of persons distinguished in the literary and artistic world of Germany.

"From a purely technical standpoint the paper is an art production; but it is difficult to find words to convey a notion of the filth which its cultured artists and writers venture to lay before its cultured German readers. British soldiers are represented as rubbing the dead, Mr. Chamberlain's state coach is depicted as a cart laden with skeletons, and King Edward is shown dead drunk in his bedroom, receiving the news of Cronje's surrender. But the crowning piece is a cartoon entitled, 'Hero Worship,' The then princess of Wales, with Queen Victoria, the prince of Wales, and the young princesses by her side, is decorating a youthful soldier. The legend underneath reads, textually:

"'An English princess decorating the youngest soldier in the British army with the Victoria cross, because, although only 13, he has already outraged eight Boer women.'

"This obscenity, sold in respectable shops, was eagerly bought by the public and lies on fashionable drawing room tables."

DUKE SETTLES FOR CASH.

London, Jan. 13.—The breach of promise suit brought by Miss Portia Knight, the American actress, against the Duke of Manchester, has, after all, been settled out of court, the duke paying Miss Knight 1,000 pounds and defraying the costs of the legal proceedings. An agreement was reached Saturday and the final papers will be signed Wednesday next, when the money will be paid. The lawyers in the case say nothing in the nature of a grave scandal would develop had the suit come to trial, but unpleasant notoriety would have attended the reading of love letters, etc.

MR. CHOATE SEES PRESIDENT.

Washington, Jan. 13.—Ambassador Choate was a caller on the president today. He will sail for England on Wednesday. He said that his visit to the white house was merely to pay his respects to the president and bid him good-bye.

A PRIVATE CORPORATION.

Washington, Jan. 13.—It is stated by one of the incorporators and trustees of the Carnegie institute that no reason is perceived at present for any congressional or governmental action in connection with the educational scheme. As it stands the institute is like any other private corporation. Therefore it is held there can be no question as to the propriety of its holding any class of securities, whether Steel bonds or United States bonds, as the basis of its endowment. This statement is believed to indicate Mr. Carnegie's purpose to place his bequest in the Shape of United States Steel securities as originally intended.

FLEES FROM PRISON IN BOX.

San Francisco, Jan. 13.—Frank Holt, a military prisoner on Alcatraz island serving a thirteen-year sentence for desertion, has escaped. He concealed himself in a large wooden box whith was consigned to a clothing firm in this city and which was put aboard the steamer McDowell. The top of the box was so arranged with leather straps that it could be opened from the inside. It is thought Holt crawled into the box and emerged when the vessel reached the dock on this side of the bay. As Holt was dressed in a regulation soldier's uniform he escaed detection.

A WHOLE FAMILY CREMATED

SEVEN PERSONS DIE IN FIRE IN BUFFALO.

Two Men Held Pending Investigation of Conflagration—Five Children Among Victims.

Buffalo, N. Y., Jan. 13.—Henry Pearlstein, his wife and five children, ranging in age from one and one-half to twelve years, were burned to death early yesterday in a fire that destroyed a two-story frame building. Joseph Supowski, who owned the building, and Karl Bracki, his brother-in-law, have been arrested pending an investigation. Supowski carried an insurance of $9,000 on the building and its contents.

The Pearlsteins and another family lived in the rooms above a shoe store and were asleep when the fire started. Supowski told the police yesterday that he accidentally dropped a lamp. A few minutes after the fire began there was a loud explosion that blew out the front of the store and hurled some of the contents of the windows into the middle of the street. Plate glass windows on the opposite side of Broadway were shattered and the report of the explosion was heard two blocks away. The flames enveloped the building in a short time. The family living in the rear flat barely escaped with their lives. The Pearlsteins were awakened, but before they could reach the only stairway leading from their rooms the fire had undermined the floor in the hallway, and it collapsed, carrying them down into a mass of flames. The charred bodies were found at 8 o'clock, four hours after the firemen had extinguished the flames. The body of the mother and babe were found together, the little one tightly clasped in its mother's arms. Pearlstein's body was found close to that of his wife. He also held one of the children in his arms. The bodies of the other three children were found huddled together close to the father's body.

WRECK ON ROCK ISLAND IN OKLAHOMA.

Passenger Train Dashes Into an Open Switch and Plunges Into Construction Train.

Chicago, Jan. 13.—A message to General Manager Hitt, of the Chicago, Rock Island and Pacific railway, states that a passenger train ran into a construction train today at O'Keene, Okla., killing two and injuring eight persons.

The passenger train ran into a siding on which the construction train was standing. A misplaced switch is believed to have caused the passenger train to leave the track.

The dead:

H. K. Baer, Wichita, Kas.

E. A. Colfy, Galva, Kas.

The injured—A. J. Peach, Hubert Kimberly, Cecil Herring, J. J. Heppler, Joe Collins, E. E. Hoop, C. E. Taisey, C. Yeaton.

None of the injured is seriously hurt.

TAKES OATH WEDNESDAY.

Washington, Jan. 13.—Henry C. Payne, the newly appointed postmaster general, will take the oath of office Wednesday morning and immediately assume charge of the department.

TALK OF PENSIONS

MEMBERS OF HOUSE DISCUSS APPROPRIATION.

DECREASE IS EXPLAINED

AGENTS OF SHARP TYPE ARE DENOUNCED.

MR. GROSVENOR'S GRIEVANCE

DAY'S PROCEEDINGS IN THE SENATE.

Washington, Jan. 13.—This was District of Columbia day in the house and immediately after the reading of the journal Mr. Babcock (Wis.), chairman of the District of Columbia committee, claimed the day and the house proceeded to the consideration of district business.

At the conclusion of the District of Columbia business the house took up the pension appropriation bill. Mr. Barney, of Wisconsin, in charge of the bill, explained that it carried $139,846,480, as against $145,245,230 appropriated for the current year.

The estimate for the payment of pensions decreased from $144,000,000 to $138,500,000. He was asked by Mr. Richardson, of Tennessee, why the amount for pensions decreased five and a half million while the number of pensioners was said to be larger.

Mr. Grosvenor (Ohio), assailed the report of the committee of the G. A. R. last summer, which made certain congressmen, himself among them, responsible for the failure to pass the preference pension bill. He said the report was unjust, unfair and untruthful.

DECREASE EXPLAINED.

Mr. Barney explained that this was accounted for by the fact that the arrearages were decreasing and the number of large pensions (those from $50 to $75 a month) was also decreasing. In reply to another question he stated that the commissioner of pensions believed that the high tide of pension payments had been reached and the amount required probably would remain stationary for some years.

Mr. Bell, of Colorado, denounced the practice of the "pension sharks." He declared that they were importuning soldiers of the Spanish war and those who had since served in the Philippines to apply for pensions. He said that in some cases soldiers who were thoroughly examined at the time of their discharge and found to be perfectly sound, yielded to these importunities and applied for pensions within a month after their discharge. He made a strong plea for justice to the soldiers, not only of the rebellion but of the Spanish war, contending that to secure justice for deserving veterans pensions to the unworthy should be opposed.

As against the soldier in the civil war who had not applied for a pension until recent years, he thought the present commissioner was too strict, but in the matter of ferreting out fraud he thought Commissioner Evans had been unexcelled by any of his predecessors.

IN THE SENATE.

Washington, Jan. 13.—When the senate met today Mr. Mason gave notice that tomorrow he would address the senate in reference to Cuban customs duties, a bill and resolution relating to which was introduced by him today.

A resolution by Mr. Hale, providing for the printing of a number of copies of the report of the Schley court of inquiry was referred to the committee on printing.

On motion of Mr. Nelson the bill creating a department of commerce was taken up.

Mr. Nelson made an argument in favor of the department of commerce. It would materially aid in increasing our foreign markets and would tend to bring workingmen and employers into closer and more harmonious relations. He believed all lines of industry would be advanced by such a department.

After some discussion by Messrs. Teller and Hale the department of commerce bill went over, both these senators saying they desired to have further time to consider it. At 1:45 the senate went into executive session.

TO PUNISH LYNCHERS.

Washington, Jan. 13.—Representative Crumpacker, of Indiana, today introduced a bill for the punishment of persons taking part in the lynching of an alien. Those who conspire in such a lynching are made subject to death or life imprisonment, while meeting to organize such lynching is made a felony. The federal courts are given jurisdiction of such offenses and persons who have participated in lynchings are disqualified from serving as jurors. The measure is designed to cover cases similar to the lynching of Italians in Louisiana and Mississippi.

MR. HOAR'S RESOLUTION.

Washington, Jan. 13.—Mr. Hoar in the senate today introduced a resolution providing for the appointment of a committee of seven senators to examine into the conduct of the war in the Philippines; the administration of the government there and the condition and character of the inhabitants, said committee to have power to send for persons and papers, to administer oaths and to sit during the sessions of the senate.

THE PHILIPPINE TARIFF.

Washington, Jan. 13.—The republican members of the senate committee on Philippines had a conference today and considered the house tariff bill. The principal subject under discussion was a proposition to make a reduction of 25 per cent. on goods coming from the Philippines to the United States. It was practically decided to reduce the tariff on goods coming from the Philippines to the United States to the extent of the export tax levied in the islands. The matter of further reduction is still being agitated.

NASH AGAIN TAKES OATH

INAUGURATED GOVERNOR OF OHIO SECOND TIME.

Military and Civic Procession of Imposing Length Parades the Columbus Streets.

Columbus, O., Jan. 13.—At high noon today George Kilbon Nash was inaugurated for the second time governor of the state of Ohio. The oath of office was administered to him in the rotunda of the state capitol by Chief Justice Minshall. The capitol building was appropriately decorated and the rotunda space was filled with high officials and citizens of the state at large.

Music was furnished by the Columbus Republican Glee club and after taking the oath of office Governor Nash delivered his inaugural address.

After luncheon there was a big parade moving over the principal part of High street and this was under command of former Adjutant General Axline. The parade consisted of six divisions and the troops from the United States barracks marching at its head. The National Guard turned out 1,500 men under command of Brigadier General Briggs and the independent military organizations of the state were under command of President Thompson, of the Ohio State university. The marching political clubs formed an important part of the parade. The Blaine club of Cincinnati, Rail Splitters of Toledo and other famous clubs were in line.

In the evening there will be a public reception in the new annex of the state house.

TRANSVAAL LEAGUE PROTEST.

Chicago, Jan. 13.—The Chicago branch of the American Transvaal league held a meeting here last night and adopted a petition calling upon President Roosevelt to enforce the neutrality law. A large number of signatures of prominent men, judges, lawyers and others, was obtained. The petition is in the form of an argument and sets forth that the United States is conceded to be a neutral nation in the war between Great Britain and the South African republic. It is contended that if the augmentation of Great Britain's military supplies from the port of New Orleans was stopped the South African war would come to a speedy end. It is urged that horses and mules designed for use in military operations are within the meaning of the term "military supplies" as used in the treaty at Washington. The president is therefore called upon to strictly enforce article 6 of that treaty.

EXPRESSMAN DIES IN HIS CAR.

Kalamazoo, Mich., Jan. 13.—A. R. Hooker, an American express messenger for thirty years, was found dead in his car when the Michigan Central train from Chicago arrived here at 4 o'clock this morning. He had died while the train was between Chicago and Kalamazoo. Mr. Hooker leaves a family in Buffalo.

SUPREME TRIBUNAL MAKES ANNOUNCEMENT.

WILL BE HEARD JANUARY 27

MASSACHUSETTS BROKERAGE LAW UPHELD.

Washington, Jan. 13.—In the United States supreme court Chief Justice Fuller announced today that argument upon the application of the state of Minnesota for leave to file a bill of complaint against the Northern Securities company bearing upon the consolidation of the Northern Pacific Railroad company with other railroad companies would be heard Monday, Jan. 27. The chief justice also issued an order requiring that notice of the application should be given to the Securities company.

Justice Gray, of the United States supreme court, today delivered an opinion in the case of Nutting vs. the commonwealth of Massachusetts, involving the constitutionality of the state law of that state prescribing penalties upon brokers or others who negotiate or make contracts in the state of Massachusetts with insurance companies which are not admitted to do business in the state. Nutting secured a policy for a customer in a foreign company and was proceeded against under the law. He urged that the statute was in contravention of the federal constitution, but the supreme court of Massachusetts decided to the contrary and today's opinion upholds that decision.

WILL DOUBLE THE PLANT

FORT WAYNE ELECTRIC COMPANY MOVING THAT WAY.

Shop Facilities Inadequate by Half and an Appropriation of $300,000 Asked for.

If the recommendations of General Manager J. J. Wood are approved by the eastern members of the board of directors of the Fort Wayne Electric company, the plant in this city will be increased two-fold within the next six or eight months. Mr. Wood has asked for an appropriation of $300,000. His request meets with approval from the Fort Wayne members of the board, who placed their signatures to the paper last Saturday, and it was at once forwarded to Schenectady to be submitted to the eastern members. Messrs. Paul, Bash and Wood, the Fort Wayne members, believe that the eastern men will entertain the same view of this matter that they do and will not hesitate, it is believed, to approve the plans. To a Sentinel representative this afternoon Mr. Wood said:

"If the appropriation or increase in the capital stock is allowed we will double the plant in this city and a year from this date will be employing over 1,000 men. We now have on our pay rolls 550 men, the largest number in the history of the factory."

From another source it was learned that the works will receive considerable more work from the eastern shops if provision is made for taking care of it. This cannot be done with the present facilities and this fact, it is believed, will have an influence in deciding upon the appropriation asked for. Mr. Wood expects a reply from the Schenectady people the latter part of this week and if it is favorable, as he believes it will be, the matter of increasing the plant will be taken up immediately and pushed along with all possible speed.

KILLED BY CIGARETTES.

St. Joseph, Mich., Jan. 13.—Arthur Frazee, son of J. W. Frazee, who was a resident of this city until recently, died at the Hotel Brandon, Alexandria, Ind., Saturday. Frazee had gained the reputation of having smoked more cigarettes than any other person in southwestern Michigan. It is reported that the ill effect of cigarettes was the direct cause of his death. Frazee, when a resident of this city, when questioned as to the number of cigarettes he had smoked, said that he would average thirty cigarettes a day. With an average of thirty cigarettes a day for the last twelve years of his life—the time he smoked—he has smoked 130,000 cigarettes. Frazee was taken ill three times in the last five years, and twice it was feared he could not recover, and each time upon recovering said he would quit smoking cigarettes, according to his father's wishes. But this he failed to do.

President F. V. Culbertson, of the Commercial club, today appointed Charles E. Bond as delegate to the Indiana Board of Commerce, which meets at Indianapolis next month. Mr. Bond will go as the representative of the Fort Wayne Commercial club.

MARCONI IS IN NEW YORK

INVENTOR TO BE GUEST AT A BANQUET.

Asserts Recent Transatlantic Wireless Tests Were Genuine and Will Soon do More.

New York, Jan. 13.—Signor Marconi, inventor of the wireless telegraph, has arrived here from Canada, where he has been the guest of the dominion government. Tonight he will be the guest of honor at the annual banquet of the American Institute of Electrical Engineers. On Wednesday he will sail for Europe.

Signor Marconi describes his recent experiments in wireless telegraphy between Newfoundland and Cornwall, England, and said the test letters were received exactly according to prearranged plans both as to number and speed.

"As soon as I reach the other side," he said, "I shall start to work to get stations in readiness for the transmission of messages, commercial and otherwise, across the Atlantic. There will be two stations on each side, those in Europe being located at Cornwall and Belgium. Those on the American side will be at Nova Scotia and Cape Cod."

At the banquet tonight Signor Marconi is expected to speak regarding his recent achievements. Others on the list of speakers are Lieut. Gen. Nelson A. Miles, Rear Admiral Bradford and Prof. Pupin, of Columbia university.

TO FORM A MEXICAN COMPANY

E. J. KISS LEFT LAST NIGHT FOR EL PASO.

Big Organization Will Control Fort Wayne Inventor's Patents in Mexico.

E. J. Kiss, whose recently patented process of extracting precious metals from the ores is being favorably received by the mining interests of the country, left last evening for El Paso, Texas, and will be absent for several weeks. Mr. Kiss' trip to the south is for the purpose of forming a company in Mexico to handle the Kiss process in that country.

At the head of the new proposition are a number of prominent citizens of El Paso who are heavily interested in Mexican mines. Several of them have made a personal inspection of the Fort Wayne inventor's device and were so favorably impressed that they at once arranged for the formation of a heavily capitalized organization, which will be incorporated at Mexico City. Mr. Kiss will be a prominent stockholder in the new company.

The Kerr Murray works in this city is just completing the first of the Kiss extracting machines for the local company and it is likely another will be immediately built for the Mexican company.

SERVICES WILL CONTINUE.

The evangelistic services at Grace Reformed church will be continued this week and there will be a cottage prayer meeting this evening at the home of Mrs. Freda Schaaf, of 43 Rivermet avenue. The meeting tomorrow evening will be at the home of Mrs. Bitner, on East Lewis street, and on Wednesday, Thursday and Friday evenings the meeting will be held in the church.

KILLED BY ESCAPING GAS.

New York, Jan. 13.—Thomas O'Brien, a tug boat captain, and an unknown woman, about fifty years old, were found dead in a room in a small Water-front hotel here today. Death was caused by inhalation of illuminating gas, which had escaped from two open fixtures in a chandelier.

As against the soldier in the civil war who had not applied for a pension until recent years, he thought the present commissioner was too strict, but in the matter of ferreting out fraud he thought Commissioner Evans had been unexcelled by any of his predecessors.

IN THE SENATE.

Washington, Jan. 13.—When the senate met today Mr. Mason gave notice that tomorrow he would address the senate in reference to Cuban customs duties, a bill and resolution relating to which was introduced by him today.

A resolution by Mr. Hale, providing for the printing of a number of copies of the report of the Schley court of inquiry was referred to the committee on printing.

On motion of Mr. Nelson the bill creating a department of commerce was taken up.

Mr. Nelson made an argument in favor of the department of commerce. It would materially aid in increasing our foreign markets and would tend to bring workingman and employers into closer and more harmonious relations. He believed all lines of industry would be advanced by such a department.

After some discussion by Messrs. Teller and Hale the department of commerce bill went over, both these senators saying they desired to have further time to consider it. At 1:45 the senate went into executive session.

TO PUNISH LYNCHERS.

Washington, Jan. 13.—Representative Crumpacker, of Indiana, today introduced a bill for the punishment of persons taking part in the lynching of an alien. Those who conspire in such a lynching are made subject to death or life imprisonment, while meeting to organize such lynching is made a felony. The federal courts are given jurisdiction of such offenses and persons who have participated in lynchings are disqualified from serving as jurors. The measure is designed to cover cases similar to the lynching of Italians in Louisiana and Mississippi.

MR. HOAR'S RESOLUTION.

Washington, Jan. 13.—Mr. Hoar in the senate today introduced a resolution providing for the appointment of a committee of seven senators to examine into the conduct of the war in the Philippines; the administration of the government there and the condition and character of the inhabitants, said committee to have power to send for persons and papers, to administer oaths and to sit during the sessions of the senate.

THE PHILIPPINE TARIFF.

Washington, Jan. 13.—The republican members of the senate committee on Philippines had a conference today and considered the house tariff bill. The principal subject under discussion was a proposition to make a reduction of 25 per cent. on goods coming from the Philippines to the United States. It was practically decided to reduce the tariff on goods coming from the Philippines to the United States to the extent of the export tax levied in the islands. The matter of further reduction is still being agitated.

NASH AGAIN TAKES OATH

INAUGURATED GOVERNOR OF OHIO SECOND TIME.

Military and Civic Procession of Imposing Length Parades the Columbus Streets.

Columbus, O., Jan. 13.—At high noon today George Kilbon Nash was inaugurated for the second time governor of the state of Ohio. The oath of office was administered to him in the rotunda of the state capitol by Chief Justice Minshall. The capitol building was appropriately decorated and the rotunda space was filled with high officials and citizens of the state at large.

Music was furnished by the Columbus Republican Glee club and after taking the oath of office Governor Nash delivered his inaugural address.

After luncheon there was a big parade moving over the principal part of High street and this was under command of former Adjutant General Axline. The parade consisted of six divisions and the troops from the United States barracks marching at its head. The National Guard turned out 1,500 men under command of Brigadier General Briggs and the independent military organizations of the state were under command of President Thompson, of the Ohio State university. The marching political clubs formed an important part of the parade. The Elaine club of Cincinnati, Rail Splitters of Toledo and other famous clubs were in line.

In the evening there will be a public reception in the new annex of the state house.

TRANSVAAL LEAGUE PROTEST.

Chicago, Jan. 13.—The Chicago branch of the American Transvaal league held a meeting here last night and adopted a petition calling upon President Roosevelt to enforce the neutrality law. A large number of signatures of prominent men, judges, lawyers and others, was obtained. The petition is in the form of an argument and sets forth that the United States is conceded to be a neutral nation in the war between Great Britain and the South African republic. It is contended that if the augmentation of Great Britain's military supplies from the port of New Orleans was stopped the South African war would come to a speedy end. It is urged that horses and mules designed for use in military operations are within the meaning of the term "military supplies" as used in the treaty at Washington. The president is therefore called upon to strictly enforce article 6 of that treaty.

EXPRESSMAN DIES IN HIS CAR.

Kalamazoo, Mich., Jan. 13.—A. R. Hooker, an American express messenger for thirty years, was found dead in his car when the Michigan Central train from Chicago arrived here at 4 o'clock this morning. He had died while the train was between Chicago and Kalamazoo. Mr. Hooker leaves a family in Buffalo.

COURT CONSENTS

MINNESOTA MAY FILE BILL OF COMPLAINT

AGAINST RAILWAY COMBINE

SUPREME TRIBUNAL MAKES ANNOUNCEMENT.

WILL BE HEARD JANUARY 27

MASSACHUSETTS BROKERAGE LAW UPHELD.

Washington, Jan. 13.—In the United States supreme court Chief Justice Fuller announced today that argument upon the application of the state of Minnesota for leave to file a bill of complaint against the Northern Securities company bearing upon the consolidation of the Northern Pacific Railroad company with other railroad companies would be heard Monday, Jan. 27. The chief justice also issued an order requiring that notice of the application should be given to the Securities company.

Justice Gray, of the United States supreme court, today delivered an opinion in the case of Nutting vs. the commonwealth of Massachusetts, involving the constitutionality of the state law of that state prescribing penalties upon brokers or others who negotiate or make contracts in the state of Massachusetts with insurance companies which are not admitted to do business in the state. Nutting secured a policy for a customer in a foreign company and was proceeded against under the law. He urged that the statute was in contravention of the federal constitution, but the supreme court of Massachusetts decided to the contrary and today's opinion upholds that decision.

WILL DOUBLE THE PLANT

FORT WAYNE ELECTRIC COMPANY MOVING THAT WAY.

Shop Facilities Inadequate by Half and an Appropriation of $300,000 Asked for.

If the recommendations of General Manager J. J. Wood are approved by the eastern members of the board of directors of the Fort Wayne Electric company, the plant in this city will be increased two-fold within the next six or eight months. Mr. Wood has asked for an appropriation of $300,000. His request meets with approval from the Fort Wayne members of the board, who placed their signatures to the paper last Saturday, and it was at once forwarded to Schenectady to be submitted to the eastern members. Messrs. Paul, Bash and Wood, the Fort Wayne members, believe that the eastern men will entertain the same view of this matter that they do and will not hesitate, it is believed, to approve the plans. To a Sentinel representative this afternoon Mr. Wood said:

"If the appropriation or increase in the capital stock is allowed we will double the plant in this city and a year from this date will be employing over 1,000 men. We now have on our pay rolls 550 men, the largest number in the history of the factory."

From another source it was learned that the works will receive considerable more work from the eastern shops if provision is made for taking care of it. This cannot be done with the present facilities and this fact, it is believed, will have an influence in deciding upon the appropriation asked for. Mr. Wood expects a reply from the Schenectady people the latter part of this week and if it is favorable, as he believes it will be, the matter of increasing the plant will be taken up immediately and pushed along with all possible speed.

KILLED BY CIGARETTES.

St. Joseph, Mich., Jan. 13.—Arthur Frazee, son of J. W. Frazee, who was a resident of this city until recently, died at the Hotel Brandon, Alexandria, Ind., Saturday. Frazee had gained the reputation of having smoked more cigarettes than any other person in southwestern Michigan. It is reported that the ill effect of cigarettes was the direct cause of his death. Frazee, when a resident of this city, when questioned as to the number of cigarettes he had smoked, said that he would average thirty cigarettes a day. With an average of thirty cigarettes a day for the last twelve years of his life—the time he smoked—he has smoked 130,000 cigarettes. Frazee was taken ill three times in the last five years, and twice it was feared he could not recover, and each time upon recovering said he would quit smoking cigarettes, according to his father's wishes. But this he failed to do.

C. E. BOND IS DELEGATE.

President F. V. Culbertson, of the Commercial club, today appointed Charles E. Bond as delegate to the Indiana Board of Commerce, which meets at Indianapolis next month. Mr. Bond will go as the representative of the Fort Wayne Commercial club.

MARCONI IS IN NEW YORK

INVENTOR TO BE GUEST AT A BANQUET.

Asserts Recent Transatlantic Wireless Tests Were Genuine and Will Soon do More.

New York, Jan. 13.—Signor Marconi, inventor of the wireless telegraph, has arrived here from Canada, where he has been the guest of the dominion government. Tonight he will be the guest of honor at the annual banquet of the American Institute of Electrical Engineers. On Wednesday he will sail for Europe.

Signor Marconi describes his recent experiments in wireless telegraphy between Newfoundland and Cornwall, England, and said the test letters were received exactly according to prearranged plans both as to number and speed.

"As soon as I reach the other side," he said, "I shall start to work to get stations in readiness for the transmission of messages, commercial and otherwise, across the Atlantic. There will be two stations on each side, those in Europe being located at Cornwall and Belgium. Those on the American side will be at Nova Scotia and Cape Cod."

At the banquet tonight Signor Marconi is expected to speak regarding his recent achievements. Others on the list of speakers are Lieut. Gen. Nelson A. Miles, Rear Admiral Bradford and Prof. Pupin, of Columbia university.

TO FORM A MEXICAN COMPANY

E. J. KISS LEFT LAST NIGHT FOR EL PASO.

Big Organization Will Control Fort Wayne Inventor's Patents in Mexico.

E. J. Kiss, whose recently patented process of extracting precious metals from the ores is being favorably received by the mining interests of the country, left last evening for El Paso, Texas, and will be absent for several weeks. Mr. Kiss' trip to the south is for the purpose of forming a company in Mexico to handle the Kiss process in that country.

At the head of the new proposition are a number of prominent citizens of El Paso who are heavily interested in Mexican mines. Several of them have made a personal inspection of the Fort Wayne inventor's device and were so favorably impressed that they at once arranged for the formation of a heavily capitalized organization, which will be incorporated at Mexico City. Mr. Kiss will be a prominent stockholder in the new company.

The Kerr Murray works in this city is just completing the first of the Kiss extracting machines for the local company and it is likely another will be immediately built for the Mexican company.

SERVICES WILL CONTINUE.

The evangelistic services at Grace Reformed church will be continued this week and there will be a cottage prayer meeting this evening at the home of Mrs. Freda Schanf, of 42 Rivermet avenue. The meeting tomorrow evening will be at the home of Mrs. Bitner, on East Lewis street, and on Wednesday, Thursday and Friday evenings the meeting will be held in the church.

KILLED BY ESCAPING GAS.

New York, Jan. 13.—Thomas O'Brien, a tug boat captain, and an unknown woman, about fifty years old, were found dead in a room in a small Water-front hotel here today. Death was caused by inhalation of illuminating gas, which had escaped from two open fixtures in a chandelier.

HEADS WILL FALL

CORRUPT COREAN OFFICIALS TO BE EXECUTED.

EMBEZZLEMENTS GIGANTIC

TEN MILLION YEN STOLEN IN SIX YEARS.

AN EX-PREMIER CONDEMNED

EMPEROR GIVES ORDERS FOR EXECUTIONS.

Tacoma, Wash., Jan. 13.—Mail advices from Seoul, Corea, via Yokohama, are to the effect that the checking of the government receipts from taxes and internal revenue reveals the astonishing fact that not less than 10,000,000 yen have been embezzled by the government officials during the last six years.

Ye Yo Yok, minister of finance, advised the emperor to pass sentences of death on all officials who embezzled over 2,000 yen. The emperor's sanction was given over three weeks ago and wholesale executions will soon take place. Eighty officials are implicated, many of whom have already been arrested.

Among those condemned is Cho Pyng Jik, an ex-premier. The officials under arrest claim that the money taken by them was in payment for salaries or expenses incurred in collecting.

BUY RAILS FOR CITY TRACKS

SOUTHWESTERN AWAITS MUNICIPAL ACTION.

President McKinley Left for Home Today—Huntington Business Men to Come Friday.

Stored in the big mills at Lorain, Ohio, awaiting shipping orders, are several carloads of nine-inch girder rails which have been purchased by the Southwestern company for the completion of its tracks down to the central part of this city.

"We hope to lay a part of these rails on Harrison street," said General Manager Nelson this morning, "for I do not see how a fairer proposition could be made than that which we presented to the special committee Saturday evening. We haven't lost hope of securing a satisfactory route down town, for we believe the people are with us in this matter."

Another extensive purchase just made by this company is 250 miles of trolley wire. Asked where it was to be used, Mr. Nelson smiled and said:

"That depends a good deal upon the final disposition of our terminal proposition here. We are willing to build several other roads into Fort Wayne, as you already know, if the people of this city want them bad enough to give us acceptable terminal facilities."

President W. B. McKinley, who made a trip to the city to submit the proposition of his company to the special committee, left today for his home at Danville, Ill. Mr. McKinley was not inclined to discuss the outlook further than to express the opinion that his company had already offered everything that could be reasonably asked of it, and that he hoped for favorable action by the city authorities.

City officials and business men of Huntington will come to Fort Wayne next Friday afternoon as the guests of General Manager Nelson, arriving at 2 o'clock, and it is expected that the party will comprise more than 100 prominent citizens of the Lime City. It will be recalled that a large party of Fort Wayne people made a similar trip to Huntington some weeks ago, and were cordially received and entertained while there. The Southwestern will arrange for two special cars on the city traction lines to meet the Huntington delegation at Broadway and Taylor streets and bring the visitors down town, and it is probable that they will be entertained at the Fort Wayne club.

ANNUAL MEETING TONIGHT.

The annual meeting of the Allen County Homeopathic society will be held this evening in the offices of Dr. Christian Martz, on West Jefferson street. Officers for the coming year will be elected, and a general discussion of topics and papers before the society in the past year will be discussed.

SHOT A CRIPPLE

PERU SALOONKEEPER KILLS DISORDERLY MAN.

HE PLEADS SELF-DEFENSE

VICTIM HAD COMMITTED A NUMBER OF OFFENSES.

HAPPENINGS IN HOOSIERDOM

GENERAL NEWS OF THE STATE OF INDIANA.

Peru, Ind., Jan. 13.—Charles E. Netherly, a saloon-keeper, shot and killed Henry J. Helmig, a cripple, yesterday afternoon in front of Netherly's place of business at the Union Railway station. Frank Riley, jr., was the only by-stander. Netherly gave himself up and is in jail. He says he committed the deed in self-defense and is sorry.

About noon Helmig entered Netherly's saloon in an intoxicated condition and demanded beer. He said he had no money and Netherly gave him a drink and then told him to go away. Helmig left the place, but soon returned, broke two doors and walked in. He was ordered out, but reached over the bar and turned on the faucets, permitting the beer to flood the floor. Netherly and his bartender, Ollie Herbarg, sized Helmig and carried him out. Then the proprietor locked up and went away.

Ten minutes later, while he was standing on the station platform, Helmig appeared in front of the saloon, and with a cane began breaking a plate glass window. Netherly hurried to him and ordered him to stop, but Helmig whirled around and struck at Netherly, who dodged and escaped. Netherly then drew a revolver and fired five times, emptying the weapon. The wounded man took two steps, fell and died in agony. Netherly sent for the police and an attorney. Reasoner and O'Hara were employed to defend him. Coroner J. E. Yarling's investigation showed three of the five shots fired took effect in the victim's body. One bullet pierced the heart, another the right lung and the third tore open his neck. Helmig lost a leg ten years ago yesterday by jumping on a freight train. Since then he has been known as "Peg Leg" Helmig. He was about 25 years of age and was the son of Bernard Helmig. Netherly is a member of the Brotherhood of Trainmen and came here from Somerset, Ky., last summer.

ACUTE HEMIANOPSIA.

Crawfordsville, Ind., Jan. 13.—At a meeting of the Montgomery County Medical society, last week, Dr. H. E. Greene read a paper on a peculiar and very rare case, that of hemianopsia. Some weeks ago William Sheets dropped dead in this city, and an autopsy held on his body revealed the fact that Dr. Greene's previous diagnosis of the case was correct. Hemianopsia is the loss of one-half of the sight of each eye, and in this case it was the nasal half. Mr. Sheets could see things fairly well until he shut one eye, when he could only see one-half of the object at which he was gazing. There have been very few simular cases in the history of opthalmology, and this one attracted much comment. The disease is caused by a lesion of the nerves controlling the vision, and often cause hemorrhages inside the brain, as it did in this case, death following.

WILL QUIT USING GAS.

Elwood, Ind., Jan. 13.—The assurance comes from the MacBeth-Evans Glass company at Pittsburg that there is no intention of abandoning the factory for the manufacture of lamp chimneys in this city, as was reported. The company states that it will put in furnaces for the use of coal. Next Tuesday the work of placing gas producers under furnace No. 1 will begin. The company says the temporary shut down has been of great inconvenience, for a class of goods have been manufactured here for the western trade that no other western factory is prepared to handle. The Marion factory is not equipped for it, and is rushed with business of its own.

UNIVERSITY TO CELEBRATE.

Hartford City, Ind., Jan. 13.—The program for the Foundation day exercises of Indiana university is almost completed. It will begin with the student play Monday evening, Jan. 20, "A Scrap of Paper." The second part of the program will be given in the men's gymnasium Tuesday morning, Jan. 21. The principal address will be made by President Charles F. Thwing, of the Western Reserve university, Cleveland. Alvert Babb, of Indianapolis, will follow on behalf of the alumni, Superintendent R. A. Ogg, of Kokomo, on behalf of the trustees, Judge G. L. Reinhart of Bloomington for the faculty, and the students will be represented by Charles M. Lawrence, of the law department. The final address will be delivered by Thomas J. Lindley, of Noblesville, who will respond on behalf of the people of the state.

REACHES NINETY-NINTH YEAR.

Richmond, Ind., Jan. 13.—Mary Bryan Cobb, of New London, this state, one of the best known Daughters of the Revolution, has just celebrated her ninety-ninth birthday anniversary. She is still active and feels confident of rounding out the century. She was born on Jan. 11, 1803, in Frankfort, Ky. She recently received her gold souvenir spoon as a recognized member of the revolutionary daughters. She also is a widow of the war of 1812, her first husband having been Louis H. Bryan, a veteran of the war of 1812. He was the great-grandfather of W. J. Bryan. Mrs. Cobb was his second wife. Mrs. Cobb is one of the oldest residents of the state.

STRIKE MAY FOLLOW.

Terre Haute, Ind., Jan. 13.—The Street Railway Men's union has voted unanimously to demand the reinstatement of a motorman who was dismissed on a charge of "insolence." The "insolence" consisted of expressing his disfavor with the new wage scale adopted by the management. Manager Clark says he will not reinstate him. The men have telegraphed for their national president, Mahon, of Detroit, and will await his arrival before making the demand on Manager Clark.

CARNEGIE GIVES TO BEDFORD.

Bedford, Ind., Jan. 13.—Mrs. Joseph R. Voris received a letter from Andrew Carnegie saying he will gives Bedford $15,000 for a library. The city already has a fine library and the present site will be used.

PORTO RICANS PROSPERING

GREAT CHANGE HAS COME OVER THE ISLAND.

Marked Contrast to Conditions That Prevailed Two Years Ago—Reforming Legal Code.

New York, Jan. 13.—L. S. Rowe, chairman of the law revision commission of Porto Rico, arrived today from San Juan on the steamship Ponce. The codes prepared by this commission are being made the main subject of discussion at the session of the legislative assembly of Porto Rico, which opened on the first of January.

Speaking of the work of the session, Mr. Rowe said:

"The attitude of the legislative assembly toward the codes submitted by the commission demonstrates the widespread desire to secure as soon as possible the full benefit of American institutions. The Foraker act continued in force all the Spanish laws until amended or repealed by the local legislative assembly. This work of amendment has been taken up with great earnestness. The codes which the legislative assembly is now considering will bring the legal system of Porto Rico into close harmony with the general principles of law prevailing in the states and territories of the union and will, to that extent, encourage the influx of American capital to the island.

"The feeling of buoyancy which now prevails throughout Porto Rico stands in marked contrast with the depression of two years ago. The improvement of the credit of the municipalities, as shown by the San Juan loan, will enable the cities and towns to undertake much-needed improvements in drainage, water supply and sanitation. A final element of strength is added to the situation by the fact that both political parties have come to the support of the administration. At the banquet recently tendered Governor Hunt the leaders of both parties pledged their support in the efforts for the advancement of the common interests of the island."

A large party is being made up at Auburn to come to this city on the theater special over the Lake Shore to attend "Miss Simplicity" at the Temple Tuesday evening.

LOGAN OR HARRIS WILL LEAD

ONE IS LIKELY TO BE REPUBLICAN CHAIRMAN.

Primaries Were Held Saturday—District Chairman Leonard Will Probably Succeed Himself.

Wednesday afternoon the newly chosen members of the republican county central committee will meet at 1 o'clock in the assembly room of the court house to organize, by the election of a chairman, a vice chairman, a secretary and a treasurer. For the chairmanship two Fort Wayne attorneys are prominently mentioned—Thomas J. Logan and E. V. Harris, and the choice is likely to fall upon one of these gentlemen. Ronald Purman is a candidate for vice chairman, and L. P. Sharp seems to have a clear field for secretary. The primaries for the selection of committeemen and delegates to the district convention were held Saturday—those in the townships in the afternoon and in the city in the evening. The selections so far as have been reported to Chairman Keegan are as follows:

IN THE CITY.

First Ward—Committeeman, L. P. Sharp; delegates, James Liggett and George S. Miller; alternates, Jacob Funk and Calvin Reimon.

Second Ward—Committeeman, John T. Dougall; delegates, Will Urbahns and John Jackson; alternates, Charles R. Lane and John Jackson, jr.

Third Ward—Committeeman, E. H. Bookwalter; delegates, Ed Helmpke, jr., and Fred Hoham; alternates, Cy Fyke and H. G. Patton.

Fourth Ward—Committeeman, E. Strasse; delegates, R. B. Droibelbiss and C. W. Habecker; alternates, W. C. Geake and C. B. Fitch.

Fifth Ward—Committeeman, Ronald R. Purman; delegates, Robert Gage and D. F. Bash; alternates, B. W. Skelton and Harry Templar.

Sixth Ward—Committeeman, W. J. Vesey; delegates, Samuel Sauers, Floyd Golden and Allen J. Vesey; alternates, Theodore Thorward, E. V. Harris and E. W. Cook.

Seventh Ward—Committeeman, P. L. Zorbaugh; delegates, H. A. Rogers and I. N. Medsker; alternates, Ed White (of Pittsburg shops) and Peter Anderson.

Eighth Ward—Committeeman, A. H. Dougall; delegates, Chas. D. Thompson and Allen H. Dougall; alternates, S. D. Bittler and F. D. Kayser.

Ninth Ward—Committeeman— C. E. Archer; delegates, Dr. J. E. Stultz and Ed Schoch; alternates, Amos Racine and John T. Young.

Tenth Ward—Committeeman, Thos. DeVilbiss; delegates, Oscar Menefee and John Bates; alternates, Jacob Bill and Alexander Bowser.

IN THE TOWNSHIPS.

Wayne—Committeeman, Ed Whitmore; delegate, George Keehler

Adams—Committeeman, F Brudi.

Cedar Creek—Committeeman, Allan Warner; delegate, Walter Krider; alternate, Charles Treace; committeeman precinct No. 1, D. J. Richards; No. 2, A. W. Myers.

Lake—Committeeman, James R. Waugh; delegate, William Wilkins.

Madison—Committeeman, Charles Yause; delegate, Rev. W. A. Murray.

Monroe—Committeeman, J. M. Tryon; delegate, George M. Glancy; alternate, Smith Nelson.

Perry—Committeeman, Washington Dunten; delegate, Thomas Perry.

Springfield—Committeeman, Homer Brundage; delegate, George Brown; alternate, John Brickhart.

THE DISTRICT MEETING.

The republican district convention is called for Wednesday afternoon, at 2 o'clock, in the court house assembly room, and it is said there is a general disposition over the district to re-elect Elmer Leonard, who has held the chairmanship during the past two years.

WOODMEN WILL INITIATE.

Camp 4761, Modern Woodmen, will take in a large class of candidates this evening and the initiation will be followed by a banquet. A large delegation of Huntington knights of the ax will be in attendance, headed by Mayor Dungan, of Huntington, who will be one of the speakers of the evening. Forty candidates will receive the first degree.

Chris Fell, of the Indiana Furniture company, is quite ill.

ENOCH COX DEAD

WELL KNOWN CITIZEN EXPIRED THIS AFTERNOON.

ONCE I. O. O. F. GRAND MASTER

WAS STOREKEEPER FOR THE PENNSYLVANIA COMPANY.

HAD BEEN ILL THREE WEEKS

OTHER DEATHS AND FUNERAL NOTICES.

Enoch Cox, storekeeper for the Pennsylvania company, former grand master of the Odd Fellows' grand lodge of Indiana, and a well known citizen of Fort Wayne, died at 1:30 o'clock this afternoon, at his home, 17 Suttenfield street. Mr. Cox was 59 years of age.

Though in feeble health for some time, Mr. Cox remained at his desk until about three weeks ago. He was suffering from an affection of the stomach and despite the efforts of physicians to arrest the progress of the disease, the patient grew steadily weaker. For several days friends have realized that the end could not be long delayed, and this afternoon the patient sank into eternal sleep

Mr. Cox was born upon a farm near Delphi, Ind., December 4, 1842. His early life was spent upon the farm, and his education was acquired at the district schools. At the age of 17 the lad entered Asbury (now Depauw) university, where he completed the classical course, graduating in the class of 1864.

ENTERED THE ARMY.

Leaving college he entered the army and for eight months was connected with the ordnance department. Later he was transferred to the engineering corps and served with Col. W. E. Merrill, chief engineer of the Army of the Cumberland, and with Major Burroughs. In May, 1867, Mr. Cox retired from the army and for two years was engaged in mercantile business in Lafayette, Ind. In 1868 he engaged in farming and continued in that business for several years, leaving the farm to take a position with the Indianapolis, Delphi and Chicago Railway company. In 1876 he embarked in the newspaper business in Delphi and conducted the Journal at that place until January 29, 1882, with much success. He then disposed of his interests in the Journal and accepted the position of storekeeper of the western division of the Pennsylvania, with headquarters in this city, an office he held up to the time of his demise.

PROMINENT ODD FELLOW.

Mr. Cox was a prominent member of the Independent Order of Odd Fellows, and was repeatedly honored by that fraternity. He held membership in Delphi lodge, No. 28, and in 1879 was elected grand master of the grand lodge of Indiana, two years later representing the Indiana grand lodge at the meeting of the sovereign grand lodge at Cincinnati. He was also a charter member of Howard council, No. 246, Royal Arcanum, of this city, and was one of the most active members of that order.

Mr. Cox possessed unusual oratorical abilities, and was often called upon when a public address was necessary. Politically he was a republican, and in 1896, when the Pennsylvania railroad men called upon Mr. McKinley at his home in Canton, Mr. Cox was selected as their speaker, and his address was considered one of the best delivered at the McKinley residence during that campaign. He also took an active interest in municipal politics.

Mr. Cox was united in marriage in June 1870 to Miss Martha M. Jones, of Delphi, who survives him, together with their three children—Mrs. Herman Kucher, Miss Jo and Miss Ethel Cox. Mr. Cox's aged mother is also living.

Announcement of the funeral services will be made later.

ATCHISON.

Everett Atchison, an inmate of the Indiana School for Feeble Minded Youth, died at the institution yesterday from tuberculosis, at the age of 25 years, 6 months and 13 days.

LAUFERTY.

Julius Lauferty, whose early life was spent in this city, died Sunday morning at his home in New York, following an operation for appendicitis. Mr. Lauferty was forty years of age and during the past five years has been private secretary to Postmaster Van Cott, of New York. He was the son of Mr. and Mrs. Leopold Lauferty and was born and educated in Fort Wayne, the family removing to New York about twenty years ago. Since that time he had frequently visited friends in this city. The surviving relatives include his mother, a sister and a brother.

The remains will be brought to Fort Wayne for interment, the funeral party arriving over the Pennsylvania at 10 o'clock Tuesday morning. Brief funeral services will be held at Lindenwood.

The pall bearers will be Messrs. Max Fisher, Joe Freiburger, Josiah Greensfelder, L. Franklin, Charles Falk and Louis Heilbroner.

WORK.

Mrs. Hannah M. Work died Sunday morning at her home, 44 Pritchard street, from Bright's disease, at the age of 67 years. Mrs. Work was the widow of Robert Work, who died sixteen years ago. She was born at Lowell, Mass., in 1835 and had been a resident of Fort Wayne about thirty-five years. Robert Work is a son, and there are also two sisters surviving.

Funeral services will be held from the residence Wednesday afternoon at 2 o'clock.

DOUGALL.

The infant son of Mr. and Mrs. Arthur H. Dougall died Sunday morning at Hope hospital from convulsions, at the age of four days.

Funeral services were conducted privately at Lindenwood Sunday afternoon.

FIND JURY BRIBING SYSTEM.

Omaha, Neb., Jan. 13.—Systematic bribery of juries, which is said to have been practiced for five years by franchised corporations of Omaha, is the subject of investigation by the Douglas County Bar association. The findings will be laid before the grand jury now in session. Two charges were brought by T. W. Blackburn, an attorney, who has discovered evidence of corruption in conducting personal damage cases against corporations. Affidavits were presented which disclosed that a juror in one case had been promised future employment in consideration of keeping a damage award down to $100. The fact was also brought out that interested corporations without exception were able to secure acknowledged representatives on every jury panel which was likely to consider their litigation. President Gurley, of the bar association, appointed a committee to prosecute the inquiry and to seek indictments before the grand jury. The alleged transgressions are accounted for in some measure by heavy personal damage awards brought in the past for trivial injuries.

BRICKLAYERS' UNION MEETS.

Pittsburg, Jan. 13.—More than 300 delegates to the annual convention of the Bricklayers' and Masons' International Union were in their seats at 10 o'clock this morning when Dr. J. Guy McCandless, director of the department of public works, welcomed them to the city. The response was made by President Gubbins, of Chicago, after which the usual committees were appointed and the rest of the session was devoted to receiving and accepting credentials. The convention will be in session two weeks. Among the more important questions to be considered will be proposed affiliation with the American Federation of Labor; an eight-hour work day and the meeting of the union biennially instead of annually. President Gubbins, it is thought, will be re-elected. The union is one of the strongest in labor circles and has over 70,000 members.

AFFAIR NOT SERIOUS.

Washington, Jan. 13.—Secretary Long received the following cablegram today from Commander Edward D. Barry, of the gunboat Vicksburg, in answer to the department's inquiry regarding the recently reported clash at Niuchwang between sailors of the Vicksburg and Russian soldiers: "Yin Kan (no date).—Secretary Navy, Washington: Nothing serious; crew orderly. Barry."

TO THE SICK AND AFFLICTED.

WHO ARE SUFFERING from any cause and cannot get well, consult the eminent specialist, DR. CHARLES ALBERT ZIMMERMAN. There's probably no physician or specialist in Fort Wayne or elsewhere who is curing more chronic, obstinate lingering diseases and cancers than he is.

IN A PRACTICE OF 37 YEARS, he has to his credit 3,055 cured cancers; 127 cured cancers last year.

OBSTINATE DISEASES, even in their most aggravated forms of the head, throat and lungs, female diseases, dropsy, heart, stomach, kidneys, bladder, nerves, muscles, bones, paralysis, rheumatism, all bad blood and skin diseases, structure, varicocele and all diseases of the sexual organs of man or woman quickly cured by new method. No failures, a perfect cure in every case. Read what grateful patients say of his skill and success.

A NEW TESTIMONIAL EVERY WEEK.

FOR CATARRH HIS TREATMENT STANDS ALONE.

Bluffton, Ind.

"This is to certify that I suffered terribly from catarrh for many years, the throat, head and hearing being affected—hawking and spitting continually—headache all the time, continually catching cold, in fact, I think I must have had every trouble that goes with catarrh; was almost deaf in my left ear. I am happy to say that Dr. Zimmerman's special treatment has completely cured my catarrh, and restored my hearing. I vouch for the reliability of the doctor; recommend all sufferers to give him a trial. For catarrh his treatment stands alone."

SHOT A CRIPPLE

PERU SALOONKEEPER KILLS DISORDERLY MAN.

HE PLEADS SELF-DEFENSE

VICTIM HAD COMMITTED A NUMBER OF OFFENSES.

HAPPENINGS IN HOOSIERDOM

GENERAL NEWS OF THE STATE OF INDIANA.

Peru, Ind., Jan. 13.—Charles E. Netherly, a saloon-keeper, shot and killed Henry J. Helmig, a cripple, yesterday afternoon in front of Netherly's place of business at the Union Railway station. Frank Kiley, jr., was the only by-stander. Netherly gave himself up and is in jail. He says he committed the deed in self-defense and is sorry.

About noon Helmig entered Netherly's saloon in an intoxicated condition and demanded beer. He said he had no money and Netherly gave him a drink and then told him to go away. Helmig left the place, but soon returned, broke two doors and walked in. He was ordered out, but reached over the bar and turned on the faucets, permitting the beer to flood the floor. Netherly and his bartender, Ollie Herbig, sized Helmig and carried him out. Then the proprietor locked up and went away.

Ten minutes later, while he was standing on the station platform, Helmig appeared in front of the saloon, and with a cane began breaking a plate glass window. Netherly hurried to him and ordered him to stop, but Helmig whirled around and struck at Netherly, who dodged and escaped. Netherly then drew a revolver and fired five times, emptying the weapon. The wounded man took two steps, fell and died in agony. Netherly sent for the police and an attorney. Reasoner and O'Hara were employed to defend him. Coroner J. E. Yarling's investigation showed three of the five shots fired took effect in the victim's body. One bullet pierced the heart, another the right lung and the third tore open his neck. Helmig lost a leg ten years ago yesterday by jumping on a freight train. Since then he has been known as "Peg Leg" Helmig. He was about 28 years of age and was the son of Bernard Helmig. Netherly is a member of the Brotherhood of Trainmen and came here from Somerset, Ky., last summer.

ACUTE HEMIANOPSIA.

Crawfordsville, Ind., Jan. 13.—At a meeting of the Montgomery County Medical society, last week, Dr. H. E. Greene read a paper on a peculiar and very rare case, that of hemianopsia. Some weeks ago William Sheets dropped dead in this city, and an autopsy held on his body revealed the fact that Dr. Greene's previous diagnosis of the case was correct. Hemianopsia is the loss of one-half of the sight of each eye, and in this case it was the nasal half. Mr. Sheets could see things fairly well until he shut one eye, when he could only see one-half of the object at which he was gazing. There have been very few similar cases in the history of opthalmology, and this one attracted much comment. The disease is caused by a lesion of the nerves controlling the vision, and often cause hemorrhages inside the brain, as it did in this case, death following.

WILL QUIT USING GAS.

Elwood, Ind., Jan. 13.—The assurance comes from the MacBeth-Evans Glass company at Pittsburg that there is no intention of abandoning the factory for the manufacture of lamp chimneys in this city, as was reported. The company states that it will put in furnaces for the use of coal. Next Tuesday the work of placing gas producers under furnace No. 1 will begin. The company says the temporary shut down has been of great inconvenience, for a class of goods have been manufactured here for the western trade that no other western factory is prepared to handle. The Marion factory is not equipped for it, and is rushed with business of its own.

UNIVERSITY TO CELEBRATE.

Hartford City, Ind., Jan. 13.—The program for the Foundation day exercises of Indiana university is almost completed. It will begin with the student play Monday evening, Jan. 20. "A Scrap of Paper." The second part of the program will be given in the men's gymnasium Tuesday morning, Jan. 21. The principal address will be made by President Charles F. Thwing, of the Western Reserve university, Cleveland. Albert Robb, of Indianapolis, will follow on behalf of the alumni. Superintendent R. A. Ogg, of Kokomo, on behalf of the trustees. Judge G. L. Reinhart of Bloomington for the faculty, and the students will be represented by Christ M. Lawrence, of the law department. The final address will be delivered by Thomas J. Lindley, of Noblesville, who will respond on behalf of the people of the state.

REACHES NINETY-NINTH YEAR.

Richmond, Ind., Jan. 13.—Mary Bryan Cobb, of New London, this state, one of the best known Daughters of the Revolution, has just celebrated her ninety-ninth birthday anniversary. She is still active and feels confident of rounding out the century. She was born on Jan. 11, 1803, in Frankfort, Ky. She recently received her gold souvenir spoon as a recognized member of the revolutionary daughters. She also is a widow of the war of 1812, her first husband having been Louis H. Bryan, a veteran of the war of 1812. He was the great-grandfather of W. J. Bryan. Mrs. Cobb was his second wife. Mrs. Cobb is one of the oldest residents of the state.

STRIKE MAY FOLLOW.

Terre Haute, Ind., Jan. 13.—The Street Railway Men's union has voted unanimously to demand the reinstatement of a motorman who was dismissed on a charge of "insolence." The "insolence" consisted of expressing his disfavor with the new wage scale adopted by the management. Manager Clark says he will not reinstate him. The men have telegraphed for their national president, Mahan, of Detroit, and will await his arrival before making the demand on Manager Clark.

CARNEGIE GIVES TO BEDFORD.

Bedford, Ind., Jan. 13.—Mrs. Joseph R. Voris received a letter from Andrew Carnegie saying he will gives Bedford $15,000 for a library. The city already has a fine library and the present site will be used.

PORTO RICANS PROSPERING

GREAT CHANGE HAS COME OVER THE ISLAND.

Marked Contrast to Conditions That Prevailed Two Years Ago—Reforming Legal Code.

New York, Jan. 13.—L. S. Rowe, chairman of the law revision commission of Porto Rico, arrived today from San Juan on the steamship Ponce. The codes prepared by this commission are being made the main subject of discussion at the session of the legislative assembly of Porto Rico, which opened on the first of January.

Speaking of the work of the session, Mr. Rowe said:

"The attitude of the legislative assembly toward the codes submitted by the commission demonstrates the widespread desire to secure as soon as possible the full benefit of American institutions. The Foraker act continued in force all the Spanish laws until amended or repealed by the local legislative assembly. This work of amendment has been taken up with great earnestness. The codes which the legislative assembly is now considering will bring the legal system of Porto Rico into close harmony with the general principles of law prevailing in the states and territories of the union and will, to that extent, encourage the influx of American capital to the island.

"The feeling of buoyancy which now prevails throughout Porto Rico stands in marked contrast with the depression of two years ago. The improvement of the credit of the municipalities, as shown by the San Juan loan, will enable the cities and towns to undertake much needed improvements in drainage, water supply and sanitation. A final element of strength is added to the situation by the fact that both political parties have come to the support of the administration. At the banquet recently tendered Governor Hunt the leaders of both parties pledged their support in the efforts for the advancement of the common interests of the island."

A large party is being made up at Auburn to come to this city on the theater special over the Lake Shore to attend "Miss Simplicity" at the Temple Tuesday evening.

LOGAN OR HARRIS WILL LEAD

ONE IS LIKELY TO BE REPUBLICAN CHAIRMAN.

Primaries Were Held Saturday—District Chairman Leonard Will Probably Succeed Himself.

Wednesday afternoon the newly chosen members of the republican county central committee will meet at 1 o'clock in the assembly room of the court house to organize, by the election of a chairman, a vice chairman, a secretary and a treasurer. For the chairmanship two Fort Wayne attorneys are prominently mentioned—Thomas J. Logan and E. V. Harris, and the choice is likely to fall upon one of these gentlemen. Ronald Purman is a candidate for vice chairman, and L. P. Sharp seems to have a clear field for secretary. The primaries for the selection of committeemen and delegates to the district convention were held Saturday—those in the townships in the afternoon and in the city in the evening. The selections so far as have been reported to Chairman Keegan are as follows:

IN THE CITY.

First Ward—Committeeman, L. P. Sharp; delegates, James Liggett and George S. Miller; alternates, Jacob Funk and Calvin Reimon.

Second Ward—Committeeman, John T. Dougall; delegates, Will Urbahns and John Jackson; alternates, Charles R. Lane and John Jackson, jr.

Third Ward—Committeeman, E. H. Bonkwalter; delegates, Ed Hohnpke, jr., and Fred Hoham; alternates, Cy Fyke and H. G. Patton.

Lake—Committeeman, James R. Waugh; delegate, William Wilkins.

Madison—Committeeman, Charles Yauss; delegate, Rev. W. A. Murray.

Monroe—Committeeman, J. M. Tryon; delegate, George M. Glancy; alternate, Smith Nelson.

Perry—Committeeman, Washington Dunten; delegate, Thomas Perry.

Springfield—Committeeman, Homer Brundage; delegate, George Brown; alternate, John Brickhart.

THE DISTRICT MEETING.

The republican district convention is called for Wednesday afternoon, at 2 o'clock, in the court house assembly room, and it is said there is a general disposition over the district to re-elect Elmer Leonard, who has held the chairmanship during the past two years.

WOODMEN WILL INITIATE.

Camp 4761, Modern Woodmen, will take in a large class of candidates this evening and the initiation will be followed by a banquet. A large delegation of Huntington knights of the ax will be in attendance, headed by Mayor Dungan, of Huntington, who will be one of the speakers of the evening. Forty candidates will receive the first degree.

Chris Fell, of the Indiana Furniture company, is quite ill.

ENOCH COX DEAD

WELL KNOWN CITIZEN EXPIRED THIS AFTERNOON.

ONCE I. O. O. F. GRAND MASTER

WAS STOREKEEPER FOR THE PENNSYLVANIA COMPANY.

HAD BEEN ILL THREE WEEKS

OTHER DEATHS AND FUNERAL NOTICES.

Enoch Cox, storekeeper for the Pennsylvania company, former grand master of the Odd Fellows' grand lodge of Indiana, and a well known citizen of Fort Wayne, died at 1:30 o'clock this afternoon, at his home, 17 Suttenfield street. Mr. Cox was 59 years of age.

Though in feeble health for some time, Mr. Cox remained at his desk until about three weeks ago. He was suffering from an affection of the stomach and despite the efforts of physicians to arrest the progress of the disease, the patient grew steadily weaker. For several days friends have realized that the end could not be long delayed, and this afternoon the patient sank into eternal sleep.

Mr. Cox was born upon a farm near Delphi, Ind., December 4, 1842. His early life was spent upon the farm, and his education was acquired at the district schools. At the age of 17 the lad entered Asbury (now DePauw) university, where he completed the classical course, graduating in the class of 1864.

ENTERED THE ARMY.

Leaving college he entered the army and for eight months was connected with the ordnance department. Later he was transferred to the engineering corps and served with Col. W. E. Merrill, chief engineer of the Army of the Cumberland, and with Major Burroughs. In May, 1867, Mr. Cox retired from the army and for two years was engaged in mercantile business in Lafayette, Ind. In 1868 he engaged in farming and continued in that business for several years, leaving the farm to take a position with the Indianapolis, Delphi and Chicago Railway company. In 1876 he embarked in the newspaper business in Delphi and conducted the Journal at that place until January 29, 1882, with much success. He then disposed of his interests in the Journal and accepted the position of storekeeper of the western division of the Pennsylvania, with headquarters in this city, an office he held up to the time of his demise.

PROMINENT ODD FELLOW.

Mr. Cox was a prominent member of the Independent Order of Odd Fellows, and was repeatedly honored by that fraternity. He held membership in Delphi lodge, No. 28, and in 1879 was elected grand master of the grand lodge of Indiana, two years later representing the Indiana grand lodge at the meeting of the sovereign grand lodge at Cincinnati. He was also a charter member of Howard council, No. 246, Royal Arcanum, of this city, and was one of the most active members of that order.

Mr. Cox possessed unusual oratorical abilities, and was often called upon when a public address was necessary. Politically he was a republican, and in 1896, when the Pennsylvania railroad men called upon Mr. McKinley at his home in Canton, Mr. Cox was selected as their speaker, and his address was considered one of the best delivered at the McKinley residence during that campaign. He also took an active interest in municipal politics.

Mr. Cox was united in marriage in June 1870 to Miss Martha M. Jones, of Delphi, who survives him, together with their three children—Mrs. Herman Kucher, Miss Jo and Miss Ethel Cox. Mr. Cox's aged mother is also living.

Announcement of the funeral services will be made later.

ATCHISON.

Everett Atchison, an inmate of the Indiana School for Feeble Minded Youth, died at the institution yesterday from tuberculosis, at the age of 23 years, 6 months and 13 days.

LAUFERTY.

Julius Lauferty, whose early life was spent in this city, died Sunday morning at his home in New York, following an operation for appendicitis. Mr. Lauferty was forty years of age and during the past five years has been private secretary to Postmaster Van Cott, of New York. He was the son of Mr. and Mrs. Leopold Lauferty and was born and educated in Fort Wayne, the family removing to New York about twenty years ago. Since that time he had frequently visited friends in this city. The surviving relatives include his mother, a sister and a brother.

The remains will be brought to Fort Wayne for interment, the funeral party arriving over the Pennsylvania at 10 o'clock Tuesday morning. Brief funeral services will be held at Lindenwood.

The pall bearers will be Messrs. Max Fisher, Joe Freiburger, Josiah Greensfelder, L. Franklin, Charles Falk and Louis Heilbruner.

WORK.

Mrs. Hannah M. Work died Sunday morning at her home, 44 Pritchard street, from Bright's disease, at the age of 67 years. Mrs. Work was the widow of Robert Work, who died sixteen years ago. She was born at Lowell, Mass., in 1835 and had been a resident of Fort Wayne about thirty-five years. Robert Work is a son, and there are also two sisters surviving.

Funeral services will be held from the residence Wednesday afternoon at 2 o'clock.

DOUGALL.

The infant son of Mr. and Mrs. Arthur H. Dougall died Sunday morning at Hope hospital from convulsions, at the age of four days.

Funeral services were conducted privately at Lindenwood Sunday afternoon.

FIND JURY BRIBING SYSTEM.

Omaha, Neb., Jan. 13.—Systematic bribery of juries, which is said to have been practiced for five years by franchised corporations of Omaha, is the subject of investigation by the Douglas County Bar association. The findings will be laid before the grand jury now in session. Two charges were brought by T. W. Blackburn, an attorney, who has discovered evidence of corruption in conducting personal damage cases against corporations. Affidavits were presented which disclosed that a juror in one case had been promised future employment in consideration of keeping a damage award down to $100. The fact was also brought out that interested corporations without exception were able to secure acknowledged representatives on every jury panel which was likely to consider their litigation. President Gurley, of the bar association, appointed a committee to prosecute the inquiry and to seek indictments before the grand jury. The alleged transgressions are accounted for in some measure by heavy personal damage awards brought in the past for trivial injuries.

BRICKLAYERS' UNION MEETS.

Pittsburg, Jan. 13.—More than 300 delegates to the annual convention of the Bricklayers' and Masons' International Union were in their seats at 10 o'clock this morning when Dr. J. Guy McCandless, director of the department of public works, welcomed them to the city. The response was made by President Gubbins, of Chicago, after which the usual committees were appointed and the rest of the session was devoted to receiving and accepting credentials. The convention will be in session two weeks. Among the more important questions to be considered will be proposed affiliation with the American Federation of Labor; an eight-hour work day and the meeting of the union biennially instead of annually. President Gubbins, it is thought, will be re-elected. The union is one of the strongest in labor circles and has over 70,000 members.

AFFAIR NOT SERIOUS.

Washington, Jan. 13.—Secretary Long received the following cablegram today from Commander Edward D. Barry, of the gunboat Vicksburg, in answer to the department's inquiry regarding the recently reported clash at Niuchwang between sailors of the Vicksburg and Russian soldiers: "Yin Kan (no date).—Secretary Navy, Washington: Nothing serious; crew orderly. Barry."

FOR CATARRH HIS TREATMENT STANDS ALONE

Bluffton, Ind.

"This is to certify that I suffered terribly from catarrh for many years, the throat, head and hearing being affected—hawking and spitting continually—headache all the time, continually catching cold, in fact, I think I must have had every trouble that goes with catarrh; was almost deaf in my left ear. I am happy to say that Dr. Zimmerman's special treatment has completely cured me catarrh, and restored my hearing. I vouch for the reliability of the doctor, recommend all sufferers to give him a trial. For catarrh his treatment stands alone."

NORDICA HURT IN A WRECK

SINGER SUSTAINS SPRAINS AND BRUISES.

Train in Which She Was Riding Comes in Collision With Freight Near Rome, Ga.

Rome, Ga., Jan. 13.—Mme. Lillian Nordica sustained painful injuries in a wreck on the Southern railway near this place at an early hour Sunday morning. E. R. Simmons, her pianist, had his left hand badly bruised.

A train to the rear of which the diva's special car, "Brunnhilde," was attached came into collision with a freight train while running at the rate of forty miles an hour. Engineer Frank Tracey was caught between two freight cars and ground to death. Other members of the train crews were injured slightly, most of them escaping death by jumping.

Mme. Nordica boarded her private car in Atlanta at 11:30 o'clock Saturday night in high spirits. She had been given an enthusiastic reception at the Grand Opera house, and was elated at the kindly feeling displayed by the large audience. Accompanied by her two married sisters, she retired soon after entering her car, which was attached to the regular passenger train.

Her next conscious moment came with the fearful impact of the two rushing locomotives. She was sleeping soundly in her berth and was thrown violently to the floor of the car. The lights were extinguished, and there was no sound for several moments save the sharp hiss of escaping steam.

Recovering from the daze into which they had been thrown from their slumbers by the sudden crash, Mme. Nordica and the other passengers awoke to a realization of the disaster. The diva had sustained a severe sprain of her shoulder and a wrenching of the muscles of her neck by the violent fall to the floor. Her sisters had escaped practically uninjured, but E. R. Simmons, the pianist, found that his left hand had been painfully bruised and lacerated.

PSALMS OF SOUL.

One of the prettiest little books of poems that we have read for some time, is the book entitled, "Psalms of Soul," written by William Bradford Dickson. The poems are not only of a very high order, but are so life like and real that they seem to penetrate the very soul. The illustrations are by Florence Goldsmith Chandlee, and show rare merit. Mr. Dickson has our thanks for a handsome bound copy of this book.

POPE'S SILVER JUBILEE.

New York, Jan. 13.—A movement for the fitting celebration of the pontifical silver jubilee of Pope Leo XIII, which will take place this year, is now on foot in all parts of the world. Elaborate preparations for the coming celebration are already making in England and will soon be begun in this country. Copies of the appeal just issued in England have been received at the house of Archbishop Corrigan, in this city.

DOCTORS RECOMMEND POSTUM.

DURBIN EXPECTS TROUBLE.

Indianapolis, Ind., Jan. 13.—The Sentinel prints the following special from its Washington correspondent:

"Governor Durbin will be surprised one of these days when he reads that he has been made the subject of an animated discussion on the floor of the house. Congressman Robinson has reached the conclusion that he will not be able to get a committee report on his resolution and bill concerning the surrender of W. S. Taylor and Charles Finley, and he proposes to go at the matter in another way. The rules of the house are sufficiently elastic to permit a discussion of this subject to be interwoven in some other matter, and Mr. Robinson is arranging with members from Kentucky for the delivery of speeches of such a scathing character at the first opportune time that they will doubtless make the Indiana executive's ears tingle."

PRESENT FROM THE LADIES.

The ladies' society of the First Presbyterian church has presented the congregation with an individual communion service, which was used for the first time Sunday morning. The adoption of the individual service is the outcome of years of discussion, the session finally consenting owing to the fact that a majority of the congregation favored the change.

NORDICA HURT IN A WRECK

SINGER SUSTAINS SPRAINS AND BRUISES.

Train in Which She Was Riding Comes in Collision With Freight Near Rome, Ga.

Rome, Ga., Jan. 13.—Mme. Lillian Nordica sustained painful injuries in a wreck on the Southern railway near this place at an early hour Sunday morning. E. R. Simmons, her pianist, had his left hand badly bruised.

A train to the rear of which the diva's special car, "Brunnhilde," was attached came into collision with a freight train while running at the rate of forty miles an hour. Engineer Frank Tracey was caught between two freight cars and ground to death. Other members of the train crews were injured slightly, most of them escaping death by jumping.

Mme. Nordica boarded her private car in Atlanta at 11:30 o'clock Saturday night in high spirits. She had been given an enthusiastic reception at the Grand Opera house, and was elated at the kindly feeling displayed by the large audience. Accompanied by her two married sisters, she retired soon after entering her car, which was attached to the regular passenger train.

Her next conscious moment came with the fearful impact of the two rushing locomotives. She was sleeping soundly in her berth and was thrown violently to the floor of the car. The lights were extinguished, and there was no sound for several moments save the sharp hiss of escaping steam.

Recovering from the daze into which they had been thrown from their slumbers by the sudden crash, Mme. Nordica and the other passengers awoke to a realization of the disaster. The diva had sustained a severe sprain of her shoulder and a wrenching of the muscles of her neck by the violent fall to the floor. Her sisters had escaped practically uninjured, but E. R. Simmons, the pianist, found that his left hand had been painfully bruised and lacerated.

PSALMS OF SOUL.

One of the prettiest little books of poems that we have read for some time, is the book entitled, "Psalms of Soul," written by William Bradford Dickson. The poems are not only of a very high order, but are so life like and real that they seem to penetrate the very soul. The illustrations are by Florence Goldsmith Chandlee, and show rare merit. Mr. Dickson has our thanks for a handsome bound copy of this book.

POPE'S SILVER JUBILEE.

New York, Jan. 13.—A movement for the fitting celebration of the pontifical silver jubilee of Pope Leo XIII, which will take place this year, is now on foot in all parts of the world. Elaborate preparations for the coming celebration are already making in England and will soon be begun in this country. Copies of the appeal just issued in England have been received at the house of Archbishop Corrigan, in this city.

DOCTORS RECOMMEND POSTUM.

DURBIN EXPECTS TROUBLE.

Indianapolis, Ind., Jan. 13.—The Sentinel prints the following special from its Washington correspondent:

"Governor Durbin will be surprised one of these days when he reads that he has been made the subject of an animated discussion on the floor of the house. Congressman Robinson has reached the conclusion that he will not be able to get a committee report on his resolution and bill concerning the surrender of W. S. Taylor and Charles Finley, and he proposes to go at the matter in another way. The rules of the house are sufficiently elastic to permit a discussion of this subject to be interwoven in some other matter, and Mr. Robinson is arranging with members from Kentucky for the delivery of speeches of such a scathing character at the first opportune time that they will doubtless make the Indiana executive's ears tingle."

PRESENT FROM THE LADIES.

The ladies' society of the First Presbyterian church has presented the congregation with an individual communion service, which was used for the first time Sunday morning. The adoption of the individual service is the outcome of years of discussion, the session finally consenting owing to the fact that a majority of the congregation favored the change.

ARE QUICK TO SEE

GOOD DOCTORS ARE QUICK TO SEE AND APPRECIATE REAL MERIT IN NEW MEDICINES.

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing specific in all cases of dyspepsia and disordered digestion.

Almost everybod's digestion is dis-

ordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease, but the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—

Mrs. E. M. Faith, of Byrd's Creek, Wis., says: "I have taken all the Tablets I got from you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Iowa, says: "Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of dyspepsia, from which he had suffered for eight years. As I am a sufferer myself, I wish you to send me a package by return mail."

Phil Brooks, Detroit, Mich., says: "Your Dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia, but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50 cents to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

All druggists sell them. A little book on stomach diseases will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

PATTERSON.

MR. PADDOCK NOT AN OLD MAN

BUT HE IS OLD ENOUGH TO KNOW BETTER.

Gracie Goodyear, a Clinging Female of Forty, Accused of Touching Paddock in Resort.

Mr. James Paddock has been maligned. A very esteemed cotemporary referred to him this morning as an aged individual with silvery locks, when, as a matter of fact, Mr. Paddock is not an aged individual, at least not excessively aged, and he has no locks at all to speak of. Mr. Paddock is simply a mature youth of a trifle less than forty and wears a well groomed scalp of silvery hair closely cu. and there isn't a lock dangling anywhere. Mr. Paddock is a traveling man and he is also a lobster—facetiously speaking. James registered at the Aveline on Saturday and after supper took a stroll down Calhoun street, and having more or less shape concealed about his person, he took occasion to display it. Grace Goodyear liked the display so well that she and James soon became acquainted and shortly thereafter repaired to the Arlington hotel to talk the matter over. Yesterday morning James awoke to realize the absence of his companion and a sixteen dollar bill which he had buried in his jeans. Right there is where the lobster in James began to make an appearance. He complained to the police of Gracie and had her arrested and this morning she was bound over until 4 o'clock this afternoon in the sum of $100, while James himself was bound over in the sum of $50 to answer to the charge of associating with prostitutes. James looks like ready money and the prosecutor did not overlook that fact as he sized him up. The Goodyear woman came here about a year ago from Indianapolis and she brought with her her husband, who by many was this morning mistaken for her son. Not that Gracie is particularly Methusalenian in appearance, but because her husband has a very youthful look. Grace is passibly fair, fairly fat and certainly forty, and while mildly denying that she is a member of the demi-monde, admitted that her husband is sickly and that somebody had to make a living for both of them. Mr. Paddock furnished bond for his appearance and then devoted a whole lot of valuable time expatiating on the vanity of life and the inscrutable ways of Fort Wayne justice mills. At 4 p. m. the joint case will have another inning.

NEWS OF THE POLICE.

Albert Overly was arraigned at police court for stealing an overcoat, the property of one Fred Sessler. Overly has been in trouble before, but was never before charged with so serious an offence. Judge Louttit assessed the fine at $20 and the young man was sent over for thirty days.

Thomas Kime pleaded guilty to being drunk on Saturday night and also pleaded guilty to being sorry for it. Thomas is a young man, it was his first offence and in consideration of everything the judge let him down with a dollar and costs and it is quite likely that he will be careful in the future. A friend paid the fine.

John Lew paid his respects to the court this morning and bobbed his shiny pate with much obsequiousness as he admitted that he had hoisted in one or two too many on Saturday night. John, it will be remembered, last spring took a sudden fancy to Barney Niezer's horses at Monroeville and attempted to drive away with them after stealing a set of harness and a buggy from a livery man named Davis. John was indicted, but at the trial he proved a good character and it was shown that the theft was committed while he was under the influence of liquor. Mr. Lew this morning said that he had just about concluded that he would cut the bowl habit out altogether, whereupon Judge Louttit warmly commended him and handed him an eleven day package.

Not less than three stray horses were picked up by the police on Saturday and Sunday nights, and stabled to await claimants.

A Miss Nelson, living on South Broadway, reports the loss of a pocketbook containing a small amount of money.

Sergeant Harkenrider was called in to settle a family row on Boone street last Saturday night.

Superintendent Gorsline denies the truth of a statement made in a city paper that he refused to divulge the name of the hotel where the Paddock-Goodyear trick is alleged to have been turned on Saturday night. He insists that he explained distinctly that it was the Arlington and not the Clark place where the affair occurred. He did not give the name of the male party because he did not know it.

SUB-COMMITTEE MEETS.

Rev. D. W. Moffat, D. D., pastor of the First Presbyterian church, left this morning for Indianapolis, where he will attend a meeting of the sub-committee appointed at the last meeting of the creed revision committee of the Presbyterian church, to revise the text of the Westminster confession of faith. The general committee, consisting of twenty-one ministers and laymen, will meet in Philadelphia on Wednesday, Feb. 5, to consider the report of the sub-committee. The sessions of the sub-committee will be held in the Dennison hotel, Indianapolis. Dr. Moffat will return home on Friday.

Teacher—What is rapid enunciation? Boy—It's the way folks say their prayers on cold nights.

CELEBRATE A REQUIEM MASS.

Tuesday will be the second anniversary of the death of Bishop Rademacher and requiem high mass will be celebrated in the Cathedral at 7:45. Rev. Roche will be the celebrant, and he will be assisted by the city clergy and Bishop Alerding. The Cathedral choir will render special music.

Nearly everyone knows of our sale. If you should see a man who does not—tell about it. Do good when you can.

AN ENCOURAGING REPORT.

A meeting of the congregation of St. Paul's Lutheran church was held Sunday afternoon, and the report of the treasurer for the year just closed was read. The report showed that current expenses had been nearly met, there being still a small sum outstanding, while the entire indebtedness of the church was covered by subscriptions payable before July, 1903.

PLAY BY HIBERNIANS.

The Hibernian Dramatic club, consisting of members of the Hibernian Rifles, are arranging to give a play entitled "True Irish Hearts," in Library hall Wednesday evening, Jan. 29. The characters have been assigned and frequent rehearsals are being held. The entertainments given on previous occasions by the club have always been successful and there is every indication that "True Irish Hearts" will be no exception.

ARE QUICK TO SEE

GOOD DOCTORS ARE QUICK TO SEE AND APPRECIATE REAL MERIT IN NEW MEDICINES.

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing specific in all cases of dyspepsia and disordered digestion.

Almost everybod's digestion is dis-

ordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease, but the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—

Mrs. E. M. Faith, of Byrd's Creek, Wis., says: "I have taken all the Tablets I got from you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Iowa, says: "Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of dyspepsia, from which he had suffered for eight years. As I am a sufferer myself, I wish you to send me a package by return mail."

Phil Brooks, Detroit, Mich., says: "Your Dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia, but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50 cents to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

All druggists sell them. A little book on stomach diseases will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

PATTERSON.

MR. PADDOCK NOT AN OLD MAN

BUT HE IS OLD ENOUGH TO KNOW BETTER.

Gracie Goodyear, a Clinging Female of Forty, Accused of Touching Paddock in Resort.

Mr. James Paddock has been maligned. A very esteemed cotemporary referred to him this morning as an aged individual with silvery locks, when, as a matter of fact, Mr. Paddock is not an aged individual, at least not excessively aged, and he has no locks at all to speak of. Mr. Paddock is simply a mature youth of a trifle less than forty and wears a well groomed scalp of silvery hair closely cut, and there isn't a lock dangling anywhere. Mr. Paddock is a traveling man and he is also a lobster—facetiously speaking. James registered at the Aveline on Saturday and after supper took a stroll down Calhoun street, and having more or less shape concealed about his person, he took occasion to display it. Grace Goodyear liked the display so well that she and James soon became acquainted and shortly thereafter repaired to the Arlington hotel to talk the matter over. Yesterday morning James awoke to realize the absence of his companion and a sixteen dollar bill which he had hurled in his jeans. Right there is where the lobster in James began to make an appearance. He complained to the police of Gracie and had her arrested and this morning she was bound over until 4 o'clock this afternoon in the sum of $100, while James himself was bound over in the sum of $50 to answer to the charge of associating with prostitutes. James looks like ready money and the prosecutor did not overlook that fact as he sized him up. The Goodyear woman came here about a year ago from Indianapolis and she brought with her her husband, who by many was this morning mistaken for her son. Not that Gracie is particularly Methusalemian in appearance, but because her husband has a very youthful look. Grace is passibly fair, fairly fat and certainly forty, and while mildly denying that she is a member of the demi-monde, admitted that her husband is sickly and that somebody had to make a living for both of them. Mr. Paddock furnished bond for his appearance and then devoted a whole lot of valuable time expatiating on the vanity of life and the inscrutable ways of Fort Wayne justice mills. At 4 p. m. the joint case will have another inning.

NEWS OF THE POLICE.

Albert Overly was arraigned at police court for stealing an overcoat, the property of one Fred Sessler. Overly has been in trouble before, but was never before charged with so serious an offence. Judge Louttit assessed the fine at $20 and the young man was sent over for thirty days.

Thomas Kime pleaded guilty to being drunk on Saturday night and also pleaded guilty to being sorry for it. Thomas is a young man, it was his first offence and in consideration of everything the judge let him down with a dollar and costs and it is quite likely that he will be careful in the future. A friend paid the fine.

John Lew paid his respects to the court this morning and bobbed his shiny pate with much obsequiousness as he admitted that he had hoisted in one or two too many on Saturday night. John, it will be remembered, last spring took a sudden fancy to Barney Niezer's horses at Monroeville and attempted to drive away with them after stealing a set of harness and a buggy from a livery man named Davis. John was indicted, but at the trial he proved a good character and it was shown that the theft was committed while he was under the influence of liquor. Mr. Lew this morning said that he had just about concluded that he would cut the bowl habit out altogether, whereupon Judge Louttit warmly commended him and handed him an eleven day package.

Not less than three stray horses were picked up by the police on Saturday and Sunday nights, and stabled to await claimants.

A Miss Nelson, living on South Broadway, reports the loss of a pocketbook containing a small amount of money.

Sergeant Harkenrider was called in to settle a family row on Boone street last Saturday night.

Superintendent Gorsline denies the truth of a statement made in a city paper that he refused to divulge the name of the hotel where the Paddock-Goodyear trick is alleged to have been turned on Saturday night. He insists that he explained distinctly that it was the Arlington and not the Clark place where the affair occurred. He did not give the name of the male party because he did not know it.

SUB-COMMITTEE MEETS.

Rev. D. W. Moffat, D. D., pastor of the First Presbyterian church, left this morning for Indianapolis, where he will attend a meeting of the sub-committee appointed at the last meeting of the creed revision committee of the Presbyterian church, to revise the text of the Westminster confession of faith. The general committee, consisting of twenty-one ministers and laymen, will meet in Philadelphia on Wednesday, Feb. 5, to consider the report of the sub-committee. The sessions of the sub-committee will be held in the Dennison hotel, Indianapolis. Dr. Moffat will return home on Friday.

Teacher—What is rapid enunciation? Boy—It's the way folks say their prayers on cold nights.

CELEBRATE A REQUIEM MASS.

Tuesday will be the second anniversary of the death of Bishop Rademacher and requiem high mass will be celebrated in the Cathedral at 7:45. Rev. Roche will be the celebrant, and he will be assisted by the city clergy and Bishop Alerding. The Cathedral choir will render special music.

Nearly everyone knows of our sale. If you should see a man who does not—tell about it. Do good when you can.

PATTERSON.

AN ENCOURAGING REPORT.

A meeting of the congregation of St. Paul's Lutheran church was held Sunday afternoon, and the report of the treasurer for the year just closed was read. The report showed that current expenses had been nearly met, there being still a small sum outstanding, while the entire indebtedness of the church was covered by subscriptions payable before July, 1903.

PLAY BY HIBERNIANS.

The Hibernian Dramatic club, consisting of members of the Hibernian Rifles, are arranging to give a play entitled "True Irish Hearts," in Library hall Wednesday evening, Jan. 29. The characters have been assigned and frequent rehearsals are being held. The entertainments given on previous occasions by the club have always been successful and there is every indication that "True Irish Hearts" will be no exception.

THE WAYNE CLUB OPENED

STAG RECEPTION GIVEN SATURDAY EVENING.

Pleasant Affair Participated in by a Large Number of Members—Musical Features.

The formal opening of the Wayne club occurred Saturday evening when the members participated in a stag reception and several hundred gentlemen were in attendance. The club rooms were beautifully decorated and an orchestra rendered a lengthy musical program, while Master Gregory Vigeant, of Chicago, who is the guest of J. Ross McCulloch, contributed greatly to the pleasure of the evening by rendering a number of solos. A buffet luncheon was served at 10 o'clock.

Membership cards, together with two invitation cards for the musical and dance next Thursday evening, were issued to each member. The invitation cards are for the friends of members. The Thursday evening function promises to be a brilliant affair and no efforts have been spared to make it a great success. A musical program will be the feature of the evening and dancing will follow.

The patronesses are Mrs. T. E. Ellison, Mrs. S. M. Foster, Mrs. E. C. Rudode, Mrs. Samuel Morris, Mrs. Max Fisher, Mrs. Alfred Grindle, Mrs. E. H. Olds, Mrs. C. R. Lane, Mrs. Robert Millard, Mrs. A. W. Pickard, Mrs. J. W. White, Mrs. Byron Hattersley, Mrs. Van Perrine, Mrs. Robert DeWald, Mrs. Frank Smock, Mrs. W. W. Shryock, Mrs. John Mohr and Mrs. Louis Frankel.

The following gentlemen compose the floor committee: John T. Dougall, Fred McCracken, W. C. Geake, E. J. Woodworth, S. S. Fisher and Harry Eberline.

The club's executive committee consists of President J. Ross McCulloch, H. C. Rockhill, R. O. Rankin, Peter Benson, Fred Smith, Samuel M. Foster and H. C. Hanna.

THE INSTITUTE COMMITTEES.

Just previous to its adjournment Saturday evening the Allen county farmers' institute named township committees for the ensuing year as follows:

Jackson Township—Jasper Jones, Mrs. Jasper Jones, William Keller, J. D. Carpenter.

Springfield—Fred Lemon, Samuel Mills, William Ringwalt, Mrs. Ezra Horn.

Marion—Frank Hubley, Lewis Doctor, John Wyss, Mrs Ida Hartzell

BIG ELEVATOR BURNS.

Chicago, Jan. 13.—The J. F. Weil branch elevator of the American Malting company, was destroyed by fire early today, entailing a loss of $275,000, believed to be fully covered by insurance. The elevator had a capacity of 300,000 bushels of grain and was nearly full when the fire started. One fireman was overcome by smoke, but was rescued by his companion. He soon recovered.

ROOT PREPARING TO FIGHT.

San Francisco, Cal., Jan. 13.—Jack Root, the Chicago pugilist, who will fight George Gardner for the middleweight championship on Jan. 31, in the San Francisco Athletic club, has arrived in the city and the articles of agreement have been signed. Root will train in Alemeda and Gardner at a roadhouse near Colema.

WILL FLY OLD GLORY.

Tacoma, Wash., Jan. 13.—The Manila Times reports that the British ship Celeste Borrill has been purchased at auction at Hong Kong by Filipinos and will hereafter fly the American flag. The Celeste Borrill sailed from Manila several months ago for Port Townsend and Tacoma. While off the Formosan coast she encountered a severe typhoon, which threatened her destruction. When the storm abated she managed to reach Hong Kong. Her damages were so severe that her owners cabled from England to sell her. Several bidders appeared, but the highest price was offered by the Compania General de Tabacco, of Manila, which will repair the vessel and sail it under American colors.

IN NORTHERN INDIANA

Steuben county is to get the third rural free mail route out of Angola.

South Bend has inaugurated a movement for a manual training school.

Mayor Schuyler Colfax cards the South Bend papers that he will not be a candidate for re-nomination.

The report of the state superintendent of public instruction shows that Allen county has 24,622 school children.

Farmers near Laketon, Wabash county, who have been raising beef cattle, will open a co-operative meat market in that town.

Harley Smith, a farmer near Pennville, is making the experiment of raising quails, and believes the eggs will hatch in an incubator.

Surveyors on the Muncie-Fort Wayne electric line now have their headquarters at Montpelier and are surveying the right of way from that point south.

Michael Hyman, a pioneer citizen of Wabash, is dead at the age of 85. Mr. Hyman located at Wabash in 1846, and was for many years a prominent merchant there.

Henry Clements, who shot Mrs. Davis, at Knox, last week, and is now in jail with a bullet in his own head, is a cigarette fiend and a persistent reader of cheap novels of the yellow variety.

A Valparaiso oil company, which has been drilling wells on the Schultz farm near Wanatah, has just abandoned work after spending over one thousand dollars in a fruitless hunt. Four wells were driven and none were successful. This seems to end the dream of an oil field in northern Indiana.

Mrs. Arthur Johnson, wife of a prominent South Bend man, leaped from the second story of the Epworth hospital while in a state of delerium, following an operation. She was found half an hour later wandering about the streets in a snowstorm, clad only in her night dress, and her arm had been broken in the fall. Her condition is critical.

A buggy containing Mrs. Oliver Bragunier and her little son, of Delphi, was struck by a Monon train at a crossing near Delphi. The horse the lady was driving was killed, but the bed of the buggy lodged on top of the pilot of the engine without upsetting the occupants, and the mother and child rode half a mile in this position. They were only slightly injured.

The Baltimore and Ohio Railroad company has paid John W. Brown, of Garrett, $1,000 in compromise settlement of Mr. Brown's suit against the company for false imprisonment. Several months ago the company charged Brown with complicity in an attempt to hold up a train at Millers Station, near Chicago. Brown was arrested and tried at Crown Point, but was promptly acquitted. His own suit against the company quickly followed.

J. D. Johnson, a Logansport hotel man, awakened Saturday morning to find that his beautiful porcelain teeth were missing. They were in his mouth when he retired Friday night. A close search failed to reveal their whereabouts and a peculiar pain in the neighborhood of his throax led him to believe that he had swallowed them. Dr. Stevens failed to find them with a grappling iron and so Mr. Johnson submitted to the X-rays in Dr. Hetherington's office, but the teeth are still missing.

THE MARKETS.

Chicago, Jan. 13.—Wheat opened somewhat improved under the influence of cables that did not respond to the slump here Saturday. World's shipments also were somewhat bullish and May started ¼c to ½c higher at 82⅜@82⅝c. Trade, however, was not heavy early and the crowd seemed uncertain what to do. Business was mixed, with a scarcity of buying orders in the pit. May soon sold down to 82⅛c, but on covering and continued reports of dry weather rallied and hovered around the opening prices. Receipts were liberal—46 cars, 2 of contract grade. Minneapolis and Duluth reported 970 cars, making a total for the three points of 1,016, against 862 last week and 723 a year ago. World's shipments were 7,359,000 bushels for the week, compared with 7,586,000 bushels last week and 8,369,000 bushels a year ago. The increase of breadstuffs on passage was 1,256,000 bushels.

After the opening bulge in wheat influenced by shorts covering, the bullish sentiment in the pit began to evaporate, selling orders were numerous both for long and short accounts and May rapidly slumped to a weak close, ⅞@c lower, at 81½@81⅝c.

Corn had a dull opening. Liverpool was lower to start, but soon improved and at no time reflected the Saturday weakness here. There was almost no outside business and scalpers did most of the trading. May slid off to 65⅜c, but rallied to opening figures again. Receipts were 123 cars.

Corn held to its individual strength, May selling to 66⅛@66¼c, but easing slightly with wheat at the close and stood seady, a shade lower, at 65⅝@65¾c.

Oats opened rather weak with numerous selling orders in the pit, May started ⅛@¼c to a shade lower at 45⅝@45¾c and declined to 45½c, but rallied again to opening figures on the improvement in other grains. Receipts were 209 cars.

Provisions opened easier on heavy receipts and lower prices at the yards. There was considerable outside selling and practically no buying orders. May pork opened 7½@10c to 5@7½c lower at $17.02½@17.05 and sold down to $17.00; May lard 7½@5c down at $9.67½@9.70 and sagged to $9.65, and May ribs 7½c lower at $8.52½ and fluctuated between this figure and $8.55.

THE DAY ON WALL STREET.

New York, Jan. 13.—Very small transactions in stocks were recorded at the opening and the price changes were insignificant. The Atchison stocks showed some degree of depression.

The volume of business increased largely when a general selling movement began. The Atchison and Coalers were first attacked and then the pressure was extended to all other prominent stocks. Before 11 o'clock prices were between 1 and 2 points below Saturday's close in a great number of the principal groups. General Electric fell 2¾ and Buffalo, Rochester and Pittsburg 3 points. Lackawanna advanced 2½ points. The market was supported and rallied generally a fraction.

The buying movement was smaller after 11 o'clock and the market fell into dullness, which encouraged a renewed bear attack. A number of stocks declined lower than before, especially St. Paul, Manhattan, the United States Steel stocks and the Pacifics. National Salt preferred lost 3 and American Express sold down 6. The market was slightly better in spots at midday, but the speculation was feverish and the undertone heavy.

Bonds were irregular.

THE MONEY MARKET.

New York, Jan. 13.—Money on call firm at 4½ per cent; prime mercantile paper, 4½@5¼ per cent; sterling exchange about steady with actual business in bankers' bills at $4.87⅛@4.87¼ for demand and at $4.84⅛@4.84¼ for 60 days; posted rates, $4.85 and $4.88; commercial bills, $4.83⅜@4.83⅝; bar silver, 55½c; Mexican dollars, 44¼c.

THE WAYNE CLUB OPENED

STAG RECEPTION GIVEN SATURDAY EVENING.

Pleasant Affair Participated in by a Large Number of Members - Musical Features.

The formal opening of the Wayne club occurred Saturday evening when the members participated in a stag reception and several hundred gentlemen were in attendance. The club rooms were beautifully decorated and an orchestra rendered a lengthy musical program, while Master Gregory Vigeant, of Chicago, who is the guest of J. Ross McCulloch, contributed greatly to the pleasure of the evening by rendering a number of solos. A buffet luncheon was served at 10 o'clock.

Membership cards, together with two invitation cards for the musical and dance next Thursday evening, were issued to each member. The invitation cards are for the friends of members. The Thursday evening function promises to be a brilliant affair and no efforts have been spared to make it a great success. A musical program will be the feature of the evening and dancing will follow.

The patronesses are Mrs. T. E. Ellison, Mrs. S. M. Foster, Mrs. E. C. Rurode, Mrs. Samuel Morris, Mrs. Max Fisher, Mrs. Alfred Grindle, Mrs. E. H. Olds, Mrs. C. R. Lane, Mrs. Robert Millard, Mrs. A. W. Pickard, Mrs. J. W. White, Mrs. Byron Hattersley, Mrs. Van Perrine, Mrs. Robert DeWald, Mrs. Frank Smock, Mrs. W. W. Shryock, Mrs. John Mohr and Mrs. Louis Frankel.

The following gentlemen compose the floor committee: John T. Dougall, Fred McCracken, W. C. Geake, E. J. Woodworth, S. S. Fisher and Harry Eberline.

The club's executive committee consists of President J. Ross McCulloch, H. C. Rockhill, R. O. Rankin, Peter Benson, Fred Smith, Samuel M. Foster and H. C. Hanna.

THE INSTITUTE COMMITTEES.

Just previous to its adjournment Saturday evening the Allen county farmers' institute named township committees for the ensuing year as follows:

Jackson Township—Jasper Jones, Mrs. Jasper Jones, William Keller, J. D. Carpenter.

Springfield—Fred Lemon, Samuel Mills, William Ringwalt, Mrs. Ezra Horn.

Marion—Frank Hubler, Lewis Doctor, John Wyss, Mrs. Ida Hartzell.

BIG ELEVATOR BURNS.

Chicago, Jan. 13.—The J. F. Weil branch elevator of the American Malting company, was destroyed by fire early today, entailing a loss of $275,000, believed to be fully covered by insurance. The elevator had a capacity of 300,000 bushels of grain and was nearly full when the fire started. One fireman was overcome by smoke, but was rescued by his companion. He soon recovered.

ROOT PREPARING TO FIGHT.

San Francisco, Cal., Jan. 13.—Jack Root, the Chicago pugilist, who will fight George Gardner for the middleweight championship on Jan. 31, in the San Francisco Athletic club, has arrived in the city and the articles of agreement have been signed. Root will train in Alameda and Gardner at a roadhouse near Colema.

WILL FLY OLD GLORY.

Tacoma, Wash., Jan. 13.—The Manila Times reports that the British ship Celeste Borrill has been purchased at auction at Hong Kong by Filipinos and will hereafter fly the American flag. The Celeste Borrill sailed from Manila several months ago for Fort Townsend and Tacoma. While off the Formosan coast she encountered a severe typhoon, which threatened her destruction. When the storm abated she managed to reach Hong Kong. Her damages were so severe that her owners cabled from England to sell her. Several bidders appeared, but the highest price was offered by the Compania General de Tabacco, of Manila, which will repair the vessel and sail it under American colors.

IN NORTHERN INDIANA

Steuben county is to get the third rural free mail route out of Angola.

South Bend has inaugurated a movement for a manual training school.

Mayor Schuyler Colfax cards the South Bend papers that he will not be a candidate for re-nomination.

The report of the state superintendent of public instruction shows that Allen county has 24,622 school children.

Farmers near Laketon, Wabash county, who have been raising beef cattle, will open a co-operative meat market in that town.

Harley Smith, a farmer near Pennville, is making the experiment of raising quails, and believes the eggs will hatch in an incubator.

Surveyors on the Muncie-Fort Wayne electric line now have their headquarters at Montpelier and are surveying the right of way from that point south.

Michael Hyman, a pioneer citizen of Wabash, is dead at the age of 86. Mr. Hyman located at Wabash in 1846, and was for many years a prominent merchant there.

Henry Clements, who shot Mrs. Davis, at Knox, last week, and is now in jail with a bullet in his own head, is a cigarette fiend and a persistent reader of cheap novels of the yellow variety.

A Valparaiso oil company, which has been drilling wells on the Schultz farm near Wanatah, has just abandoned work after spending over one thousand dollars in a fruitless hunt. Four wells were driven and none were successful. This seems to end the dream of an oil field in northern Indiana.

Mrs. Arthur Johnson, wife of a prominent South Bend man, leaped from the second story of the Epworth hospital while in a state of delerium, following an operation. She was found half an hour later wandering about the streets in a snowstorm, clad only in her night dress, and her arm had been broken in the fall. Her condition is critical.

A buggy containing Mrs. Oliver Bragunier and her little son, of Delphi, was struck by a Monon train at a crossing near Delphi. The horse the lady was driving was killed, but the bed of the buggy lodged on top of the pilot of the engine without upsetting the occupants, and the mother and child rode half a mile in this position. They were only slightly injured.

The Baltimore and Ohio Railroad company has paid John W. Brown, of Garrett, $1,000 in compromise settlement of Mr. Brown's suit against the company for false imprisonment. Several months ago the company charged Brown with complicity in an attempt to hold up a train at Millers Station, near Chicago. Brown was arrested and tried at Crown Point, but was promptly acquitted. His own suit against the company quickly followed.

J. D. Johnson, a Logansport hotel man, awakened Saturday morning to find that his beautiful porcelain teeth were missing. They were in his mouth when he retired Friday night. A close search failed to reveal their whereabouts and a peculiar pain in the neighborhood of his throax led him to believe that he had swallowed them. Dr. Stevens failed to find them with a grappling iron and so Mr. Johnson submitted to the X-rays in Dr. Hetherington's office, but the teeth are still missing.

THE MARKETS.

Chicago, Jan. 13.—Wheat opened somewhat improved under the influence of cables that did not respond to the slump here Saturday. World's shipments also were somewhat bullish and May started ½c to ⅝c higher at 82¾c to 82⅝c. Trade, however, was not heavy early and the crowd seemed uncertain what to do. Business was mixed, with a scarcity of buying orders in the pit. May soon sold down to 82⅜c, but on covering and continued reports of dry weather rallied and hovered around the opening prices. Receipts were liberal—46 cars, 2 of contract grade, Minneapolis and Duluth reported 970 cars, making a total for the three points of 1,016, against 862 last week and 723 a year ago. World's shipments were 7,359,000 bushels for the week, compared with 7,586,000 bushels last week and 8,368,000 bushels a year ago. The increase of breadstuffs on passage was 1,256,000 bushels.

After the opening bulge in wheat influenced by shorts covering, the bullish sentiment in the pit began to evaporate, selling orders were numerous both for long and short accounts and May rapidly slumped to a weak close, ⅞@c lower, at 81½@81⅝c.

Corn had a dull opening. Liverpool was lower to start, but soon improved and at no time reflected the Saturday weakness here. There was almost no outside business and scalpers did most of the trading. May slid off to 65⅜c, but rallied to opening figures again. Receipts were 123 cars.

Corn held to its individual strength, May selling to 66⅜@66½c, but easing slightly with wheat at the close and stood seady, a shade lower, at 65⅝@65¾c.

Oats opened rather weak with numerous selling orders in the pit, May started ⅛@¼c to a shade lower at 45⅝@45⅜c and declined to 45½c, but rallied again to opening figures on the improvement in other grains. Receipts were 209 cars.

Provisions opened easier on heavy receipts and lower prices at the yards. There was considerable outside selling and practically no buying orders. May pork opened 7½@10c to 5@7½c lower at $17.02½@17.05 and sold down to $17.00; May lard 7½@5c down at $9.67½@9.70 and sagged to $9.65, and May ribs 7½c lower at $8.52½ and fluctuated between that figure and $8.55.

THE DAY ON WALL STREET.

New York, Jan. 13.—Very small transactions in stocks were recorded at the opening and the price changes were insignificant. The Atchison stocks showed some degree of depression.

The volume of business increased largely when a general selling movement began. The Atchison and Coalers were first attacked and then the pressure was extended to all other prominent stocks. Before 11 o'clock prices were between 1 and 2 points below Saturday's close in a great number of the principal groups. General Electric fell 2½ and Buffalo, Rochester and Pittsburg 3 points. Lackawanna advanced 2½ points. The market was supported and rallied generally a fraction.

The buying movement was smaller after 11 o'clock and the market fell into dullness, which encouraged a renewed bear attack. A number of stocks declined lower than before, especially St. Paul, Manhattan, the United States Steel stocks and the Pacifics. National Salt preferred lost 3 and American Express sold down 6. The market was slightly better in spots at midday, but the speculation was feverish and the undertone heavy.

Bonds were irregular.

THE MONEY MARKET.

New York, Jan. 13.—Money on call firm at 4½ per cent; prime mercantile paper, 4½@5¼ per cent; sterling exchange about steady with actual business in bankers' bills at $4.87⅛@4.87¼ for demand and at $4.84½@4.84¾ for 60 days; posted rates, $4.85 and $4.88; commercial bills, $4.83¾@4.83⅞; bar silver, 55⅜c; Mexican dollars, 44½c.

Cancerous Sores

are most frequently to be seen upon the face, neck or breast, though they are liable to appear upon other parts of the body. When they begin to spread and eat into the flesh, sharp, piercing pains are felt as the underlying tissue is destroyed and the tender nerves exposed. Cancerous sores develop from very trifling causes; a carbuncle or boil, swollen gland, a little watery blister on the tongue or lip, a wart, mole or bruise of some kind becomes an indolent, festering sore, which in time degenerates into cancer.

"Ten years ago I had a sore on my left temple, which the doctors pronounced a cancerous ulcer; it would itch, burn and bleed, then scab over, but would never heal. After taking S. S. S. awhile the sore began to discharge, and when all the poisonous matter had passed out it got well. I took in all about thirty bottles, continuing it for some time after the sore had healed, to be sure all the poison was out of my system. Have seen no sign of the cancer in ten years. FOREMAN CHERRY

GENIAL AND CAPABLE YOUNG MAN PROMOTED.

SUCCEEDS NEIL M. LONEY

IN LATHE DEPARTMENT OF PITTSBURG SHOPS.

BAD WRECK AT VALPARAISO

ENGINEER CHARLES GOGAN SERIOUSLY INJURED.

Master Mechanic B. Fitzpatrick, of the Pennsylvania, this morning formally appointed William Y. Cherry foreman of the lathe department of the machine shop, succeeding Neil M. Loney, transferred to the motive power department. Mr. Cherry is well equipped for the position, having been acting foreman several months, prior to the appointment of Mr. Loney and later during the absence of the latter gentleman. He is also a good fellow and is held in the highest esteem by the shopmen. Mr. Cherry learned his trade in the Fittsburg shops and has been employed there continuously since coming out of his apprenticeship.

PENNSYLVANIA IMPROVEMENT

The Columbus, O., Dispatch publishes the following special telegram from New Philadelphia, O., which will be of interest here: "Recent purchases by the P., C., C. & St. L. railroad in this county have revived the speculation as to the intention of the Pennsylvania company to build a short line to connect the Pan Handle system from a point near Dennison, O., with the Fort Wayne system at Massillon, O. The first purchase was the Royal Southern railroad, a short freight road running from the works of the Royal Fire Clay company at Midvale, O., to the Pan Handle at Uhricsville, O., about seven miles. The second was the purchase a few days ago of the Ohio Valley and Junction railroad, which is also a short freight road running from the Marriett division of the Pennsylvania lines at Canal Dover to the works of the Crown Fire Clay company at Parrell, O. It would necessitate the construction of but six miles of road to connect these two lines."

ANOTHER PAYMASTER.

S. M. Reid has been appointed paymaster for the western division of the Wabash, constituting the lines of this company lying west of the Mississippi river. Communications in regard to payment of wages of employes on western division should be addressed to him at St. Louis, instead of to A. M. Harrison, who will continue in charge of pay rolls east of the Mississippi river. This explains the early date at which the pay car will reach Fort Wayne in the future. It is due here this month on the 23d.

ED MONNOCK RESIGNS.

Ed Monnock has resigned his position at the Electric works and this morning he became assistant time clerk at the east yards of the Pennsylvania at an advance in salary over that received from his former employer. Mr. Monnock worked at the Electric works about six months.

B. & O. NEEDS MEN.

It was announced at a meeting of Baltimore and Ohio railway men at Grafton last week that the B. & O. was never in such great need of employes and particularly on the Pittsburg division. All kinds of help is wanted, but engineers and firemen who have had experience are particularly needed.

PUTS BAN ON OIL STOVES.

Bellevue Gazette: "The unfortunate occurrence of a trainman in the Fort Wanye yards of the Nickel Plate in setting fire to his caboose while starting his fire with gasoline has caused no little trouble to the trainmen of the entire road. Some trainmen have been using a small gasoline stove in their cabooses for the purpose of warming their lunches. This fact became known to the officials through the accident at Fort Wayne and they issued an order to the effect that all gasoline stoves must be removed from the cabooses. The order works a hardship on the men, often compelling them to eat cold dinners. It is said the grievance committee of the B. of R. T. has taken the matter up and it will be laid before the officials."

TO PREVENT WRECKS.

The Chicago Tribune yesterday published several interviews with railway men upon the subject of "How to Prevent Wrecks," and among those who expressed views upon this interesting question were Engineer A. T. Holmes and C. J. Eme, both well known in Fort Wayne. Following are the statements as published by the Tribune: "A. T. Holmes, engineer of the Pennsylvania limited, advocates automatic block signals. 'It looks like an almost impossible task to invent mechanical devices which will put an end to collisions and the derailing of trains,' said he. 'The one thing that will do the most in this direction, in my belief, is the automatic block signal system. Take almost any wreck where the question of signals enters. The towerman will say that he set the signal one way; the engineer will insist that the signal was given just the other way. Who is to say which man is right? If the automatic signal is used, then only one man enters into the case, and he is the engineer. The signal is likely to be all right, and the engineer should have seen it. Although I am an engineer myself, I would say that the towerman is more likely to be careless than the man in the cab. If the towerman fails to stop a train, he is not on board to run a chance of being killed. The engineer is right at the front, and he knows every minute of his run that his own life, as well as those of the passengers, depends on his reading of every signal and order right.'"

"C. J. Eme, of a Nickel Plate local train, prefers minds to automatic devices. 'I prefer to trust a competent man to an automatic device,' said he. 'I don't want an automatic system. It's too easy for something to happen to it. I know they say that if anything goes wrong with the system the danger signal will be shown, but I have known times when they didn't. And if anything does go wrong there is nothing else to depend on. We have all the devices we need now. We have all that we shall need for the next 200 years. Railroading at the end of that time will be going along just about as it is now. The men have got to be careful and safety depends on that. An engineer has no business taking chances in running his train. Mistakes in orders cause the most wrecks. They are most frequent where the engineer misreads the name of the town used in the orders. Many a wreck has been caused because two towns close together have names similar to each other. Changes are being made in the names of stations because of this.'"

OPENING NEW ROAD DELAYED.

Instructions from Wabash headquarters yesterday morning were to put an accommodation train on the Butler line this morning, which would leave this city at 6:30 a. m. and return in the evening. All the preliminary arrangements had been made, even to the assignment of a crew for the train, when the order was countermanded. It is learned that there is again a misunderstanding between the company and the Baltimore and Ohio regarding the crossing at St. Joe. The Baltimore and Ohio gave the Wabash company permission last week to run its work trains over the crossing, pending the legal proceedings now on in Judge Baker's court, and it was presumed by the Wabash that the Baltimore and Ohio people would also be willing that the former company run an accommodation train over the crossing. In this they were mistaken and there is no telling just when the matter will be settled. In the meantime the work of putting in an interlocking plant at St. Joe and ballasting the road goes on undisturbed and when the crossing difficulty is straightened out the Wabash will be in shape to not only run an accommodation train over the line, but all its through passenger and freight trains also.

GILLETTE IN HOSPITAL.

Edwin E. Gillette was operated upon for tumor at a hospital in St. Louis last Saturday. News from the institution is to the effect that the patient passed through the operation in good shape and will get well, but the attending surgeon says that Mr. Gillette will have to remain in the hospital twelve or fifteen weeks. Mr. Gillette is one of the best known machinists in the city and has been employed in the Wabash shops for many years.

BAD WRECK AT VALPARAISO.

Engineer Charles Gogan, was so badly injured that there is little hope for his recovery and Fireman George Wagner so badly injured that he will be unable to work for a few weeks in a wreck at Valparaiso yesterday morning. These gentlemen had what is called the Valparaiso milk train and were backing up to Wanatah for some reason, when their engine, No. 278, crashed into the rear of through freight train No. 70. The latter train had stopped on account of a hot box, and Conductor Granger went forward to look after the hot box and Flagman Koch was dispatched to the rear to flag trains, should any come along. In some way not yet explained, Engineer Gogan failed to see the flagman's signal and he did not stop in time to prevent a collision. The impact was terrific, the caboose, two cars, the engine tank and the cab being crushed by it. Engineer Gogan and Fireman Wagner were unable to jump and remained in the cab. The latter was able to free himself from the wreckage, but Engineer Gogan was removed unconscious and so badly hurt that he was not expected to live until they could get home. Neither men ever resided in this city, but Mr. Gogan, who has worked on the road since 1865, is well known to all the trainmen on the western division. He is 61 years old. The damaged engine was brought here this morning and will be taken in the back shops for repairs in a day or two.

CAR LOAD OF MACHINERY.

Shipping Clerk John Keiss today loaded for shipment at the Electric works a car load of machinery and supplies for an electric light plant at Terre Haute, in the factory of the Columbia Enameling and Stamping company. This company is about to open an immense factory. The Sentinel mentioned the fact that the Bass Foundry and Machine company had secured the contract for the steam plant and now the Electric works in this city is supplying the electric machinery.

TWO RESIGNATIONS.

Passenger Brakeman B. L. Rutley and Freight Brakeman C. D. Ewing took the officials and their friends by surprise this morning when they tendered their resignations. They do not make known their intentions as to future employment.

WILL MOVE THE STAND PIPE.

Preparations are making for the moving eastward 150 feet the Wabash water plug at the Fort Wayne depot. The change will be made in order that passenger engines can take water at the depot while the train remains there, without obstructing the crossing.

SLIGHT WRECK IN YARDS.

Two Pennsylvania engines, one going out to get her train and the other coming to the round house after a trip, came together in the east yards this morning. No. 230 had her pilot beam broken and No. 324 had her pilot broken. Nobody injured.

EXAMINATIONS OVER.

The men engaged in examining the Pennsylvania trainmen and enginemen for color blindness, completed their work today. They have not made their report yet, but it is believed that no color blind men have been found.

INDUSTRIAL NOTES.

C. G. Volz, who was sick several days, reported for duty at the Pittsburg lumber yards this morning.

John Smith, who has been sick for some time, will resume his duties in the Wabash blacksmith shop tomorrow.

O. Walters resumed work in the Pittsburg round house this morning, after an absence on account of sickness.

James Hale, an engineer on the Chicago and Erie road, will be a candidate for sheriff of Huntington county.

Arthur Meyers, a clerk in Chief Supervisor White's office, at Bellevue, spent Sunday with his parents in this city.

William Altevogt resmed his duties in the Bass machine shop this morning, after a ten days' absence on account of sickness.

Mrs. Chamberlain, wife of Gateman James Chamberlain, of the Pittsburg round house, is suffering from a severe cold, which keeps her in the house.

Trainmaster C. E. Wells and Bridge Superintendent W. S. Danes, of the Wabash, were in the city this morning, looking after their respective departments.

Chief Clerk T. J. Kucher, of Trainmaster D. H. Caldwell's office, is taking a lay off for the purpose of attending the poultry show. Mr. Kucher is secretary of the association.

Flagman Richardson, formerly of this city and employed on the Pennsylvania, has taken a position as passenger brakeman on the Eel River road, with headquarters in Logansport.

William Paul, general foreman of the Wabash shops, returned from Chicago Junction this morning. His brother, who was quite sick at that place, is steadily improving and will get well.

John J. Lynch, who had some fingers injured some time ago, reported for duty in the Pittsburg copper shop this morning. R. H. Mauk, who had been sick, reported for duty there this morning.

New and heavy steel rails are being laid through the city of Huntington on the Wabash, replacing the old and much lighter rails. A large force of workmen are busily engaged in doing this work.

Pittsburg Engineer M. H. Durnell is nursing a sprained ankle; Engineer P. Carter and Fireman W. B. Misner are sick, and Fireman B. Flowers has a lame hand and will be unable to work for a few days.

Frank P. Close, of the Electric works, has returned from Blue lake, where he was looking after the resort's next summer ice supply. Mr. Close has arranged for a 'bus line between the resort and Churubusco.

Charles W. Lincoln, the conductor on the first train running into Richmond, Ind., is dead, aged 75 years. The first road to enter Richmond and on which the deceased was employed, was the Eaton and Hamilton, now the Richmond division of the Pan Handle.

SOME SPORTING NOTES.

As the days roll by the base ball situation grows more and more interesting. Mr. Spalding continues to spread himself out sprawling over sheets upon sheets of paper, while Mr. Brush says he will have nothing but peace in his even if he has to lick the whole fraternity. For awhile it looked as though Spalding had the best of the argument, but now it appears as though the "big four," consisting of Robison, Hart, Freedman and Rogers have Spalding whipped to a standstill.

The minor leagues of the west, including the Three I'd league, will hold a meeting at Kansas City this week. The Western association will not be represented and it is now beginning to look as though Fort Wayne will not be represented in professional ball this year and that the best that can be expected will be an independent club under different management.

The latest story in base ball circles is in effect that Frank DeHass Robison is a part owner of the Cincinnati team. J. T. Brush says he hopes it is true because he wants somebody to share the responsibility of the crimes that are laid at the door of the Cincinnati club.

BIG TOOL TRUST FORMED.

Cleveland, O., Jan. 13.—The last step in the formation of the big pneumatic tool trust was the filing of a deed of trust for $3,500,000 in the county recorder's office here today. The deed was from the Chicago Pneumatic Tool company to the Central Realty Bond and Trust company, of New York, to secure the payment of $2,500,000 issue of twenty year first mortgage five per cent. gold bonds. The plants of the Boyer Machine company, of Detroit; the Olney Metal company, of Philadelphia; the Chisholm & Moore Manufacturing company, of this city; the Franklin Air Compressor company, of Franklin, Pa., and 20,000 shares of the New Taite-Howard Pneumatic Tool company, of London, England, together with all the patents of the big concern, are included in the securities.

KILLED BY AN ELEVATOR.

New York, Jan. 13.—James Tienar was killed and Peter Glynn was seriously injured today by a falling elevator in the belt factory of Fayerweather & Ladew, this city. Glynn was the elevator runner for the building and he and Tienan were taking a load of belts to the sixth floor when the cable parted. The elevator fell from the fifth floor to the bottom. Tienan was picked up dead and Glynn was found to be badly hurt.

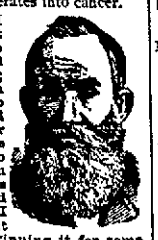
Cancerous Sores

are most frequently to be seen upon the face, neck or breast, though they are liable to appear upon other parts of the body. When they begin to spread and eat into the flesh, sharp, piercing pains are felt as the underlying tissue is destroyed and the tender nerves exposed. Cancerous sores develop from very trifling causes; a carbuncle or boil, swollen gland, a little watery blister on the tongue or lip, a wart, mole or bruise of some kind becomes an indolent, festering sore, which in time degenerates into cancer.



"Ten years ago I had a sore on my left temple, which the doctors pronounced a cancerous ulcer; it would itch, burn and bleed, then scab over, but would never heal. After taking S. S. S. awhile the sore began to discharge, and when all the poisonous matter had passed out it got well. I took in all about thirty bottles, continuing it for some time after the sore had healed, to be sure all the poison was out of my system. Have seen no sign of the cancer in ten years. JOSEPHUS REID, Gant, Audrian Co., Mo.

S. S. S. is strictly a vegetable remedy, and, while possessing purifying and healing properties that no other medicine does, contains nothing that could derange the system. While cleansing the blood it also builds up the general health.

If you have a suspicious sore, or other blood trouble, send for our free book on Blood and Skin Diseases, and write to us for any information or advice wanted; we make no charge for this service.

FOREMAN CHERRY

GENIAL AND CAPABLE YOUNG MAN PROMOTED.

SUCCEEDS NEIL M. LONEY

IN LATHE DEPARTMENT OF PITTSBURG SHOPS.

BAD WRECK AT VALPARAISO

ENGINEER CHARLES GOGAN SERIOUSLY INJURED.

Master Mechanic B. Fitzpatrick, of the Pennsylvania, this morning formally appointed William Y. Cherry foreman of the lathe department of the machine shop, succeeding Neil M. Loney, transferred to the motive power department. Mr. Cherry is well equipped for the position, having been acting foreman several months, prior to the appointment of Mr. Loney and later during the absence of the latter gentleman. He is also a good fellow and is held in the highest esteem by the shopmen. Mr. Cherry learned his trade in the Pittsburg shops and has been employed there continuously since coming out of his apprenticeship.

PENNSYLVANIA IMPROVEMENT

The Columbus, O., Dispatch publishes the following special telegram from New Philadelphia, O., which will be of interest here: "Recent purchases by the P., C., C. & St. L. railroad in this county have revived the speculation as to the intention of the Pennsylvania company to build a short line to connect the Pan Handle system from a point near Dennison, O., with the Fort Wayne system at Massillon, O. The first purchase was the Royal Southern railroad, a short freight road running from the works of the Royal Fire Clay company at Midvale, O., to the Pan Handle at Uhrichsville, O., about seven miles. The second was the purchase a few days ago of the Ohio Valley and Junction railroad, which is also a short freight road running from the Marriott division of the Pennsylvania lines at Canal Dover to the works of the Crown Fire Clay company at Parrell, O. It would necessitate the construction of but six miles of road to connect these two lines."

ANOTHER PAYMASTER.

S. M. Read has been appointed paymaster for the western division of the Wabash, constituting the lines of this company lying west of the Mississippi river. Communications in regard to payment of wages of employes on western division should be addressed to him at St. Louis, instead of to A. M. Harrison, who will continue in charge of pay rolls east of the Mississippi river. This explains the early date at which the pay car will reach Fort Wayne in the future. It is due here this month on the 23d.

ED MONNOCK RESIGNS.

Ed Monnock has resigned his position at the Electric works and this morning he became assistant time clerk at the east yards of the Pennsylvania at an advance in salary over that received from his former employer. Mr. Monnock worked at the Electric works about six months.

B. & O. NEEDS MEN.

It was announced at a meeting of Baltimore and Ohio railway men at Grafton last week that the B. & O. was never in such great need of employes and particularly on the Pittsburg division. All kinds of help is wanted, but engineers and firemen who have had experience are particularly needed.

PUTS BAN ON OIL STOVES.

Bellevue Gazette: "The unfortunate occurrence of a trainman in the Fort Wanye yards of the Nickel Plate in setting fire to his caboose while starting his fire with gasoline has caused no little trouble to the trainmen of the entire road. Some trainmen have been using a small gasoline stove in their cabooses for the purpose of warming their lunches. This fact became known to the officials through the accident at Fort Wayne and they issued an order to the effect that all gasoline stoves must be removed from the cabooses. The order works a hardship on the men, often compelling them to eat cold dinners. It is said the grievance committee of the B. of R. T. has taken the matter up and it will be laid before the officials."

TO PREVENT WRECKS.

The Chicago Tribune yesterday published several interviews with railway men upon the subject of "How to Prevent Wrecks," and among those who expressed views upon this interesting question were Engineer A. T. Holmes and C. J. Eme, both well known in Fort Wayne. Following are the statements as published by the Tribune: "A. T. Holmes, engineer of the Pennsylvania limited, advocates automatic block signals. 'It looks like an almost impossible task to invent mechanical devices which will put an end to collisions and the derailing of trains,' said he. 'The one thing that will do the most in this direction, in my belief, is the automatic block signal system. Take almost any wreck where the question of signals enters. The towerman will say that he set the signal one way; the engineer will insist that the signal was given just the other way. Who is to say which man is right? If the automatic signal is used, then only one man enters into the case, and he is the engineer. The signal is likely to be all right, and the engineer should have seen it. Although I am an engineer myself, I would say that the towerman is more likely to be careless than the man in the cab. If the towerman fails to stop a train, he is not on board to run a chance of being killed. The engineer is right at the front, and he knows every minute of his run that his own life, as well as those of the passengers, depends on his reading of every signal and order right.'"

"C. J. Eme, of a Nickel Plate local train, prefers minds to automatic devices. 'I prefer to trust a competent man to an automatic device,' said he. 'I don't want an automatic system. It's too easy for something to happen to it. I know they say that if anything goes wrong with the system the danger signal will be shown, but I have known times when they didn't. And if anything does go wrong there is nothing else to depend on. We have all the devices we need now. We have all that we shall need for the next 200 years. Railroading at the end of that time will be going along just about as it is now. The men have got to be careful and safety depends on that. An engineer has no business taking chances in running his train. Mistakes in orders cause the most wrecks. They are most frequent where the engineer misreads the name of the town used in the orders. Many a wreck has been caused because two towns close together have names similar to each other. Changes are being made in the names of stations because of this.'"

OPENING NEW ROAD DELAYED.

Instructions from Wabash headquarters yesterday morning were to put an accommodation train on the Butler line this morning, which would leave this city at 6:30 a. m. and return in the evening. All the preliminary arrangements had been made, even to the assignment of a crew for the train, when the order was countermanded. It is learned that there is again a misunderstanding between the company and the Baltimore and Ohio regarding the crossing at St. Joe. The Baltimore and Ohio gave the Wabash company permission last week to run its work trains over the crossing, pending the legal proceedings now on in Judge Baker's court, and it was presumed by the Wabash that the Baltimore and Ohio people would also be willing that the former company run an accommodation train over the crossing. In this they were mistaken and there is no telling just when the matter will be settled. In the meantime the work of putting in an interlocking plant at St. Joe and ballasting the road goes on undisturbed and when the crossing difficulty is straightened out the Wabash will be in shape to not only run an accommodation train over the line, but all its through passenger and freight trains also.

GILLETTE IN HOSPITAL.

Edwin E. Gillette was operated upon for tumor at a hospital in St. Louis last Saturday. News from the institution is to the effect that the patient passed through the operation in good shape and will get well, but the attending surgeon says that Mr. Gillette will have to remain in the hospital twelve or fifteen weeks. Mr. Gillette is one of the best known machinists in the city and has been employed in the Wabash shops for many years.

BAD WRECK AT VALPARAISO.

Engineer Charles Gogan, was so badly injured that there is little hope for his recovery and Fireman George Wagner so badly injured that he will be unable to work for a few weeks in a wreck at Valparaiso yesterday morning. These gentlemen had what is called the Valparaiso milk train and were backing up to Wanatah for some reason, when their engine, No. 278, crashed into the rear of through freight train No. 70. The latter train had stopped on account of a hot box, and Conductor Granger went forward to look after the hot box and Flagman Koch was dispatched to the rear to flag trains, should any come along. In some way not yet explained, Engineer Gogan failed to see the flagman's signal and he did not stop in time to prevent a collision. The impact was terrific, the caboose, two cars, the engine tank and the cab being crushed by it. Engineer Gogan and Fireman Wagner were unable to jump and remained in the cab. The latter was able to free himself from the wreckage, but Engineer Gogan was removed unconscious and so badly hurt that he was not expected to live until they could get home. Neither men ever resided in this city, but Mr. Gogan, who has worked on the road since 1865, is well known to all the trainmen on the western division. He is 61 years old. The damaged engine was brought here this morning and will be taken in the back shops for repairs in a day or two.

CAR LOAD OF MACHINERY.

Shipping Clerk John Keiss today loaded for shipment at the Electric works a car load of machinery and supplies for an electric light plant at Terre Haute, in the factory of the Columbia Enameling and Stamping company. This company is about to open an immense factory. The Sentinel mentioned the fact that the Bass Foundry and Machine company had secured the contract for the steam plant and now the Electric works in this city is supplying the electric machinery.

TWO RESIGNATIONS.

Passenger Brakeman B. L. Rutley and Freight Brakeman C. D. Ewing took the officials and their friends by surprise this morning when they tendered their resignations. They do not make known their intentions as to future employment.

WILL MOVE THE STAND PIPE.

Preparations are making for the moving eastward 150 feet the Wabash water plug at the Fort Wayne depot. The change will be made in order that passenger engines can take water at the depot while the train remains there, without obstructing the crossing.

SLIGHT WRECK IN YARDS.

Two Pennsylvania engines, one going out to get her train and the other coming to the round house after a trip, came together in the east yards this morning. No. 230 had her pilot beam broken and No. 324 had her pilot broken. Nobody injured.

EXAMINATIONS OVER.

The men engaged in examining the Pennsylvania trainmen and enginemen for color blindness, completed their work today. They have not made their report yet, but it is believed that no color blind men have been found.

INDUSTRIAL NOTES.

C. G. Volz, who was sick several days, reported for duty at the Pittsburg lumber yards this morning.

John Smith, who has been sick for some time, will resume his duties in the Wabash blacksmith shop tomorrow.

O. Walters resumed work in the Pittsburg round house this morning, after an absence on account of sickness.

James Hale, an engineer on the Chicago and Erie road, will be a candidate for sheriff of Huntington county.

Arthur Meyers, a clerk in Chief Supervisor White's office, at Bellevue, spent Sunday with his parents in this city.

William Altevogt resmed his duties in the Bass machine shop this morning, after a ten days' absence on account of sickness.

Mrs. Chamberlain, wife of Gateman James Chamberlain, of the Pittsburg round house, is suffering from a severe cold, which keeps her in the house.

Trainmaster C. E. Wells and Bridge Superintendent W. S. Danes, of the Wabash, were in the city this morning, looking after their respective departments.

Chief Clerk T. J. Kucher, of Trainmaster D. H. Caldwell's office, is taking a lay off for the purpose of attending the poultry show. Mr. Kucher is secretary of the association.

Flagman Richardson, formerly of this city and employed on the Pennsylvania, has taken a position as passenger brakeman on the Eel River road, with headquarters in Logansport.

William Paul, general foreman of the Wabash shops, returned from Chicago Junction this morning. His brother, who was quite sick at that place, is steadily improving and will get well.

John J. Lynch, who had some fingers injured some time ago, reported for duty in the Pittsburg copper shop this morning. R. H. Mauk, who had been sick, reported for duty there this morning.

New and heavy steel rails are being laid through the city of Huntington on the Wabash, replacing the old and much lighter rails. A large force of workmen are busily engaged in doing this work.

Pittsburg Engineer M. H. Durnell is nursing a sprained ankle; Engineer P. Carter and Fireman W. B. Misner are sick, and Fireman B. Flowers has a lame hand and will be unable to work for a few days.

Frank P. Closs, of the Electric works, has returned from Blue lake, where he was looking after the resort's next summer ice supply. Mr. Closs has arranged for a 'bus line between the resort and Churubusco.

A St. Louis man proposes to start a newspaper for lunatics, to which only madmen may be contributors. It ought to succeed if it commands the entire support of its legitimate clientele.

Croker has surrendered his crown and scepter, but it will be a long time before the people of New York and the country can disassociate Croker from Tammany. He leaves a bad stench that only time and better life can eradicate from the great political organization.

David B. Hill has chosen Carter H. Harrison, of Chicago, for his running mate in the next presidential struggle. It is a pretty program that wants only the approval of the democratic party to succeed. It is but a small contingency, yet small as it is there is no certainty that it will come out of the box.

For sake of contrast it may be cited that within a few days after certain high Corean officials had been discovered guilty of huge embezzlements the imperial order for their execution was given. It took several years in this country to land Capt. Oberlin M. Carter in prison, and the trial of Charles Fair Weather Neely and Hon. Estes G. Rathbone for gigantic peculations in Cuba is but fairly begun, with no absolute promise of conviction. The wheels of justice may sometimes be clogged by too much civilization.

Any street railway franchise for fifty years or half of fifty years that does not provide for periodical revisions to give the people the benefit of all the economies the inventive genius of the times is bound to develop ought to be defeated. The complaisance of corporations may prove by events to be sufficient, but it is too weak a bulwark to place between the people who own the streets and must patronize street railways and the possible rapacity of any corporation engaged in the traction business in this city. To grant the franchises now under consideration by the board of works means to close up for half a century the street railway issue in this city so far as the public can have any voice in fixing conditions. That is too much to grant to any corporation whose business it is to serve the public.

CROKER YIELDS SCEPTER.

Next to the establishment of a reform administration in New York, the passing of Richard Croker from the leadership of Tammany may be estimated as the best fruit of the recent independent victory in America's greatest city. The scepter of power in the most potential organization in the land is surrendered by a man who has wielded it with the most impudent disregard of all that is decent in politics. The reign of Croker will always stand as the superlative degree for comparison of everything that is mercenary, immoral and vicious in the municipal politics of this country.

The lesson of last November has not been lost on the arrogant boss who has been able to wield greater absolute power over more men in civic life than the president of the United States. The storm that broke over Tammany in the late contest was convincing enough to move even a fatuous boss like Croker to seek escape. Taking counsel of defeat, he has stepped aside and made way for decency and patriotism under new leadership.

Lewis Nixon, who succeeds Croker, is described as a man who combines the moral qualities of manhood and the personal qualities of leadership at this time most essential to a rehabilitation of Tammany as a healthy political element. He has high character, private fortune and a great industrial business to engage his efforts. Politics will not be commerce with him as it has been with Croker. He is from all accounts a man who has no stomach for alliances with vice and crime either as the source of political power or the means of getting "easy money." After its long debauch Tammany may be difficult to purify, but with Croker gone the difficulty is not insurmountable.

A BEAUTIFUL PROGRAM.

The First Presbyterian church was scarcely large enough to contain the audience that gathered last evening to hear the sacred concert by the church choir. The program consisted of ten numbers, all of which were rendered in a most pleasing manner. The solos by Mrs. H. G. Keegan and Miss Maud Faust, the ladies' quartet and the duet by Mrs. Moffat and Mrs. Miles are worthy of special mention. The Haydn quartet was heard to excellent effect in two numbers, while the combined quartets sang three selections. The concert was a musical treat that was thoroughly enjoyed by those present.

EVANGELISTIC SERVICES.

Evangelistic services will be continued on Monday, Tuesday and Wednesday of this week at Plymouth Congregational church, Rev. J. Webster Bailey officiating. The subject this evening will be "The Eternal Fixedness of Character." The song service will be in charge of Musical Director W. E. Miles and Clint Willson will sing a solo.

LONG LIST FOR FEBRUARY.

Secretary Hess, of the Fort Wayne civil service board, has been directed to hold examinations in this city February 18 for the following positions:

Immigration Service—Interpreter, Slavenish (Krainish), Croation, Italian, Arabic and French.

Indian Service—Industrial teacher (female), disciplinarian (male).

Railway Mail Service—Assistant printer.

BIG BOWLING TOURNAMENT.

Buffalo, N. Y., Jan. 13.—The schedule of games for the National Bowling tournament to be bowled here during the week beginning Jan. 20, will be mailed to each individual entered. The bowlers of Chicago are apparently wrought up over what they term a change in the program. It is true that the games in the five-men class have necessarily been scheduled to begin Monday night, but only Buffalo teams and those visitors that have made a special request for early competitions have been scheduled to bowl on Monday evening. the visiting bowlers are scheduled to begin the five-man series at 4 o'clock Tuesday afternoon. The two-man series will follow and the individual matches will be the last on the program.

The Crescent Mandolin club will give a dance January 15 in the Mulqueen academy.

HILL & HARRISON

A DEMOCRATIC TICKET FOR THE NEXT CAMPAIGN.

HILL WANTS CHICAGO MAYOR

FOR RUNNING MATE IN COMING PRESIDENTIAL FIGHT.

SENDS AN EMISSARY WEST

BRYAN IN CONFERENCE HELD IN CHICAGO.

Chicago, Jan. 13.—The Chronicle prints the following today:

If plans now being laid by friends of David B. Hill, of New York, do not miscarry the democratic national convention of 1904 will nominate this ticket:

For President—David B. Hill, of New York.

For Vice President—Carter H. Harrison, of Illinois.

Secret conferences were held in Chicago a week ago at which this proposed ticket was discussed. Those participating in the conferences were James K. McGuire, of Syracuse, N. Y.; William J. Bryan, of Nebraska, and Mayor Harrison, of Chicago. It is believed that McGuire has before this reported to former Senator Hill and to the New York state democratic committee, of the executive committee of which he is chairman, that the mayor of Chicago is a receptive candidate for the vice presidential nomination.

Mayor Harrison himself when asked about the story last evening said:

"I have nothing to say about that matter."

M'GUIRE CLOSE TO HILL.

It is declared that no man stands closer to David Bennett Hill than James K. McGuire, who held the office of mayor of Syracuse for five consecutive terms. McGuire has been a candidate for the nomination of governor of New York and has for many years figured in the politics of the Empire state. He has conducted factional and other contests in the interests of the "sage of Wolfert's Roost" and has usually won. His mission to Chicago last week, it is understood, was as the emissary of David B. Hill and the New York democratic state committee.

A year ago, after the second defeat of William J. Bryan, McGuire came to Chicago and in an interview advocated the nomination in 1904 of his friend and political chief. Party men throughout the country have been sounded on the matter since then and McGuire has finally concluded that his candidate is the most popular democrat in national politics. But he is by no means ready to avow the actual candidacy of Hill.

While in Chicago McGuire stopped at McCoy's hotel instead of at one of the prominent hostelries, although he is a man of some wealth and usually seeks the best accommodations. McGuire did not meet any of the local political leaders except Harrison and Burke. He also avoided all newspaper men and it did not become known that he was here on any special mission until after he had gone.

McGuire went from here to Buffalo, where he reported to Norman E. Mack, of Buffalo, national committeeman, the result of his conference with Harrison. He said before leaving Chicago that he would return in the spring.

BRYAN IN CONFERENCES.

Interest is stimulated in McGuire's mission to Chicago by the fact that William J. Bryan, of Nebraska, also came to this city during the Syracuse man's visit. Bryan registered at the Sherman house on January 4. Two days before McGuire had inscribed his name on the books at McCoy's hotel. The eastern politician went back home on January 5, the day following a conference at the Sherman house, the purport of which Mayor Harrison sought assiduously to conceal.

Efforts were made at the time to ascertain from the mayor the significance of his consultation with the Nebraskan, but Mr. Harrison evaded inquiries and endeavored to put the matter aside with jest. He jocularly asserted that Bryan had discussed with him a proposal for partnership in the Commoner, to which the Nebraskan is now devoting his energies.

The fact that Mr. Bryan is now generally disassociated from any connection with a national nomination has given to local politicians the theory that his advice was solicited and accepted in connection with McGuire's mission here.

DISCUSSES TICKET FOR 1904.

According to a friend of McGuire's the latter gave his reasons for the belief that Hill and Harrison would be the best ticket for 1904 in these words:

"Hill's hold on the democracy was shown at the last national convention when the former New York governor and senator was almost nominated for vice president in spite of himself. Hill did not oppose the regular ticket in 1896, although he was against the free silver plank. He supported Bryan in 1900.

"With Croker out of the way in New York the democrats of the state would rally around their old leader. There will soon be a new head of Tammany Hall and the new chief will be in harmony with Hill. The latter was never defeated but once in his own state, and that was in 1894, when he accepted the nomination for governor in an off year and was beaten, not so much by the republicans as by the financial panic which swept the democracy out of power in nearly every northern state.

"Not New York alone, but New York and Illinois together form the pivot of this country. If we can carry these states there is no need to worry about the rest of the country. I think a man who has been three times elected mayor of Chicago could carry the state of Illinois with Hill at the head of the ticket."

FRANCHISES ARE DISCUSSED

SPECIAL COMMITTEE HOLDS A MEETING.

Separate Propositions Made by Traction and Southwestern Companies Considered.

On Saturday evening the special railway committee composed of Councilmen Bauer, Hosey and Miller, Chairman Eggemann, of the board of works, the city engineer and city attorney and Mayor Berghoff met at the city hall and received the new proposition of the Southwestern Traction company. Corporation Attorney Barrett, of the Fort Wayne Traction company, was also present, as was President McKinley, of the Southwestern company, Attorney Doughman and Manager Nelson. The proposition was read by Committee Secretary Miller and was informally discussed. The board of works will take the matter up this afternoon at the regular meeting, together with the proposition received on Thursday from the Fort Wayne Traction company, but present indications are not favorable to the presentation of a definite report or recommendation to the council meeting tomorrow night. Members of the board are reticent and say that they have not yet had time to analyze and digest the several propositions presented, but indicate that neither proposition will go through in the precise shape in which it is presented. They decline, however, to intimate what changes, if any, will be made. The Southwestern company asks for a right of way on Brackenridge and Harrison streets, the down town terminal to be at Columbia street. A loop is asked for to embrace Harrison, Wayne, Barr and Berry streets, or Harrison, Pearl, Webster and Berry. The company signifies its willingness to build the road on the streets mentioned and immediately convey the property to the city, retaining the right to use the street and loop at such rental as the city may fix, the rental to be charged against the city until such time as the aggregate shall equal the cost of original construction, after which time the company will pay its rental in cash into the city treasury. The company also agrees to refund to the property owners along the route asked for the proportionate cost of the street paving recently done on the streets named. Under the proposition the city will become immediate owner of the lines without a cent of cost to the municipality and will have exclusive control thereof with full power to rent, sublet or grant the use of any portion thereof to any other interurban line seeking a down town terminal, the rental so derived to go into the city treasury. The proposition sets out that the terms offered by the Fort Wayne Traction company are onerous and could not be considered, and that their general acceptance would place the city forever in the power of the local monopoly. After the reading the committee went into executive session and discussed the matter for several hours without reaching any agreement so far as is known to the public. It is understood, however, that Messrs. Berghoff and Hosey oppose the granting of any concessions to the Southwestern company. Councilmen Bauer and Miller favor the proposition, and Messrs. Eggeman and Randall are non-committal.

ABOUT THE CITY HALL.

The board of works will meet this afternoon to dispose of a small amount of routine business and then grapple with the street car problem.

A new case of diphtheria has been reported on Taylor street, just outside the city limits, and a new case of scarlet fever at 395 Lafayette street.

The council will meet in regular session tomorrow night for the first time in 1902.

The Associated Charities will hold its annual meeting at the council chamber in the city hall tonight. Addresses will be made by Mrs. Guild, the president, and Trustee Schirmeyer will read a paper. There will be reports from the officers and music will be furnished to enliven the occasion by the Apollo quartet.

BIG DAMAGE TRIAL BEGINS

JOSEPH SCHRACK ALLEGES THE LOSS OF SIGHT.

Councilman Borkenstein Charged With Causing it By Blow—Another Damage Case—Courts.

The superior court convened for the January term this morning and the jury was present. The first case called was that of Joseph Schrack vs. Barney Borkenstein, for $5,000 damages. Last summer Schrack was employed by the Fort Wayne Traction company as street watchman while the linemen were making repairs on the trolley wires. There was a "live wire" on the corner of Calhoun and Wayne streets and as Mr. Borkenstein drove to the vicinity he was warned by Schrack. Later Borkenstein again drove by the place and was again signalled by Schrack, rather insolently, Borkenstein claims. Borkenstein raised his whip and struck Schrack, it is alleged, cutting him in the eye and destroying the sight of that eye completely and partially destroying the sight of the other through sympathy. The defense alleges that the eye struck had been injured years before and that Schrack was practically blind in that eye for a long time previous to the occurrence related. The plaintiff admits that the eye in question was injured years before, but alleges that the injury received at the time in question resulted in complications with the other eye, for the impairment of which damages are claimed. The principal part of the day was occupied in the examination of Dr. Parks White, an expert occulist, who treated the case.

WANTS $20,000 DAMAGES.

Clinton S. Ferguson has commenced suit against The Western Engineering and Construction company claiming damages in the sum of $20,000. The costruction company is composed of Fort Wayne capitalists of whom C. S. Bash is the principal and their business is the developing of oil wells in the Grant county district. Ferguson was employed as a laborer at one of the wells in course of completion and it is alleged that through the negligence and carelessness of the engineer, another employe of the company, was caught by the "slack" of a derrick rope and seriously injured in August of last year.

COURT NEWS.

The divorce suits of Osrael Messler, an Allen county farmer who moved to the city several days ago, have been frequent topics of newspaper comment. This morning the wife, Mrs. Mary A. Messler, commenced divorce proceedings, alleging abandonment, and claiming alimony in the sum of $5,000.

The Edmunds Electric Construction company sues the Kerr Murray Manufacturing company on a mechanic's lien.

The suit of Daniel W. Berry vs. the Toledo, St. Louis and Western Railway company has been transferred from the Adams to the Allen circuit court.

The following cases were dismissed in the superior court today: Marion Cycle and Manufacturing company vs. Arlo B. Himes et al; Martha B. Sledd vs. Mary Pfeidner; Paul J. Schmaltz vs. Henry M. Williams; William Branstrattor vs. Lafayette township.

In the case of Irwin Kesler vs. the Kerr Murray Manufacturing company, Judge Aiken this afternoon found for the defendant.

The case of Henry E. Bludi vs. the Mondamin Meadows Dairy company has been transferred from the superior to the circuit court.

Janitor A. C. Niesman, of the court house, sustained a severe fall this morning which is likely to confine him to his home for some days. While going into the cellar or basement this forenoon he missed his footing and fell to the bottom, wrenching his leg so that he was unable to walk. He was taken to his home in a hack.

MR. RAYNER IS AMBITIONS.

Baltimore, Md., Jan. 13.—Isaac Lobe Strauss, the one democrat in the legislature who dared in the beginning to oppose the will of Gorman and the other managers of the party, has been prompted in his line of action by such leaders as Isidor Rayner and former Governor Brown, who are not in harmony with Gorman. Since Rayner has achieved national reputation as counsel for Admiral Schley his political ambition has been growing. He thinks he can reach the governorship and perhaps the next senatorship. He realizes that it is too soon to declare himself. It is said he would have liked to see Strauss speaker of the house, but he will make no fight against the present party managers unless they oppose his ambitions.

INDIANA APPOINTMENTS.

Washington, Jan. 13.—Among the appointments sent to the senate by the president today were the following for Indiana:

To be surveyor of customs at Indianapolis, Archibald A. Young.

Postmasters for Indiana—Chauncey D. Sherwin, Goshen; Albert S. Peacock, Attica; Elliott E. Barnard, Delphi; Andrew A. Laird, Frankfort; Andrew M. Willoughby, Greensburg; Ellis G. Darnell, Lebanon; Wm. C. Vance, Noblesville; Andrew Morrissey, Notre Dame; Wm. H. Mallory, Veedersburg; Wm. O. Protsman, Vevay; Robert S. Potts, Thorntown; B. W. Scott Wiseman, Culver.

PLANNED HUMAN SACRIFICE.

Baker City, Ore., Jan. 13.—A human sacrificial offering was prevented yesterday by the timely arrival of some sisters of charity upon the scene in this city. Hy Wong, a paralytic Chinaman who has been a county charge, was returned to the care of his countrymen in Chinatown. While he was an inmate at the county hospital his queue had been cut off. On this account the Chinese made preparations to offer him as a sacrifice to Joss. Hy Wong managed to get a message to the sisters at the hospital, and they rescued him before his life, like his queue, was cut short. It is asserted that all the preparations for Hy Wong's execution had been completed when the rescuers arrived at the Joss house.

ARMY OFFICER SEEKS DEATH.

San Francisco, Jan. 13.—While suffering from dementia Capt. W. J. D. Horne, of the Ninth United States cavalry, tried to cut his throat with a butcher knife. He entered a fruit store owned by A. Dalporto, who was dressing a chicken in the rear part of the store, and asked whether the knife he was using was sharp. "It is," said Dalporto, and in an instant Horne grabbed it and slashed himself across his throat. Dalporto grappled with the captain and a desperate struggle followed. The shouting and the scuffling between the two men, both standing six feet high and each weighing 200 pounds, brought a crowd and with the aid of several men Horne was overpowered and taken to a hospital.

TWO FATAL FAMILY AFFAIRS.

New Richmond, Wis., Jan. 13.—J. W. Schmidt, assistant head miller of a flour mill at Burkhardt village, fifteen miles south of here, shot his wife and then himself at their home. Both are alive, but their condition is very critical. The shooting was the result of domestic trouble.

Madison, Wis., Jan. 13.—Benjamin C. Keig, a boilermaker, today killed his wife and then cut his own throat, at their home in this city, where they conducted a students' boarding house. Keig is still alive, but probably will die.

William H. Gross, of the Indiana Furniture company, will erect a cottage this spring at Rome City.

A musical and literary entertainment will be given in St. Paul's M. E. church on Tuesday evening, January 21.

"I want ter see de proprietor."
"He's engaged, miss."
"I know he is. I'm his girl."

Separate Propositions Made by Traction and Southwestern Companies Considered.

On Saturday evening the special railway committee composed of Councilmen Bauer, Hosey and Miller, Chairman Eggemann, of the board of works, the city engineer and city attorney and Mayor Berghoff met at the city hall and received the new proposition of the Southwestern Traction company. Corporation Attorney Barrett, of the Fort Wayne Traction company, was also present, as was President McKinley, of the Southwestern company, Attorney Daughman and Manager Nelson. The proposition was read by Committee Secretary Miller and was informally discussed. The board of works will take the matter up this afternoon at the regular meeting, together with the proposition received on Thursday from the Fort Wayne Traction company, but present indications are not favorable to the presentation of a definite report or recommendation to the council meeting tomorrow night. Members of the board are reticent and say that they have not yet had time to analyze and digest the several propositions presented, but indicate that neither proposition will go through in the precise shape in which it is presented. They decline, however, to intimate what changes, if any, will be made. The Southwestern company asks for a right of way on Brackenridge and Harrison streets, the down town terminal to be at Columbia street. A loop is asked for to embrace Harrison, Wayne, Barr and Berry streets, or Harrison, Pearl, Webster and Berry. The company signifies its willingness to build the road on the streets mentioned and immediately convey the property to the city, retaining the right to use the street and loop at such rental as the city may fix, the rental to be charged against the city until such time as the aggregate shall equal the cost of original construction, after which time the company will pay its rental in cash into the city treasury. The company also agrees to refund to the property owners along the route asked for the proportionate cost of the street paving recently done on the streets named. Under the proposition the city will become immediate owner of the lines without a cent of cost to the municipality and will have exclusive control thereof with full power to rent, sublet or grant the use of any portion thereof to any other interurban line seeking a down town terminal, the rental so derived to go into the city treasury. The proposition sets out that the terms offered by the Fort Wayne Traction company are onerous and could not be considered, and that their general acceptance would place the city forever in the power of the local monopoly. After the reading the committee went into executive session and discussed the matter for several hours without reaching any agreement so far as is known to the public. It is understood, however, that Messrs. Berghoff and Hosey oppose the granting of any concessions to the Southwestern company. Councilmen Bauer and Miller favor the proposition, and Messrs. Eggeman and Randall are non-committal.

ABOUT THE CITY HALL.

The board of works will meet this afternoon to dispose of a small amount of routine business and then grapple with the street car problem.

A new case of diphtheria has been reported on Taylor street, just outside the city limits, and a new case of scarlet fever at 395 Lafayette street.

The council will meet in regular session tomorrow night for the first time in 1902.

The Associated Charities will hold its annual meeting at the council chamber in the city hall tonight. Addresses will be made by Mrs. Guild, the president, and Trustee Schirmeyer will read a paper. There will be reports from the officers and music will be furnished to enliven the occasion by the Apollo quartet.

BIG DAMAGE TRIAL BEGINS

JOSEPH SCHRACK ALLEGES THE LOSS OF SIGHT.

Councilman Borkenstein Charged With Causing It By Blow—Another Damage Case—Courts.

The superior court convened for the January term this morning and the jury was present. The first case called was that of Joseph Schrack vs. Barney Borkenstein, for $5,000 damages. Last summer Schrack was employed by the Fort Wayne Traction company as street watchman while the linemen were making repairs on the trolley wires. There was a "live wire" on the corner of Calhoun and Wayne streets and as Mr. Borkenstein drove to the vicinity he was warned by Schrack. Later Borkenstein again drove by the place and was again signalled by Schrack, rather insolently, Borkenstein claims. Borkenstein raised his whip and struck Schrack, it is alleged, cutting him in the eye and destroying the sight of that eye completely and partially destroying the sight of the other through sympathy. The defense alleges that the eye struck had been injured years before and that Schrack was practically blind in that eye for a long time previous to the occurrence related. The plaintiff admits that the eye in question was injured years before, but alleges that the injury received at the time in question resulted in complications with the other eye, for the impairment of which damages are claimed. The principal part of the day was occupied in the examination of Dr. Parks White, an expert oculist, who treated the case.

WANTS $20,000 DAMAGES.

Clinton S. Ferguson has commenced suit against The Western Engineering and Construction company claiming damages in the sum of $20,000. The construction company is composed of Fort Wayne capitalists of whom C. S. Bash is the principal and their business is the developing of oil wells in the Grant county district. Ferguson was employed as a laborer at one of the wells in course of completion and it is alleged that through the negligence and carelessness of the engineer, another employe of the company, was caught by the "slack" of a derrick rope and seriously injured in August of last year.

COURT NEWS.

The diversions of Osrael Messler, an Allen county farmer who moved to the city several days ago, have been frequent topics of newspaper comment. This morning the wife, Mrs. Mary A. Messler, commenced divorce proceedings, alleging abandonment, and claiming alimony in the sum of $5,000.

The Edmunds Electric Construction company sues the Kerr Murray Manufacturing company on a mechanic's lien.

The suit of Daniel W. Berry vs. the Toledo, St. Louis and Western Railway company has been transferred from the Adams to the Allen circuit court.

The following cases were dismissed in the superior court today: Marion Cycle and Manufacturing company vs. Arlo B. Himes et al; Martha B. Sledd vs. Mary Pfleidner; Paul J. Schmaltz vs. Henry M. Williams; William Brunstatter vs. Lafayette township.

In the case of Irwin Kesler vs. the Kerr Murray Manufacturing company, Judge Aiken this afternoon found for the defendant.

The case of Henry E. Bradi vs. the Mondamin Meadows Dairy company has been transferred from the superior to the circuit court.

Janitor A. C. Niemann, of the court house, sustained a severe fall this morning which is likely to confine him to his home for some days. While going into the cellar or basement this forenoon he missed his footing and fell to the bottom, wrenching his leg so that he was unable to walk. He was taken to his home in a hack.

MR. RAYNER IS AMBITIOUS.

Baltimore, Md., Jan. 13.—Isaac Lobe Strauss, the one democrat in the legislature who dared in the beginning to oppose the will of Gorman and the other managers of the party, has been prompted in his line of action by such leaders as Isidor Rayner and former Governor Brown, who are not in harmony with Gorman. Since Rayner has achieved national reputation as counsel for Admiral Schley his political ambition has been growing. He thinks he can reach the governorship and perhaps the next senatorship. He realizes that it is too soon to declare himself. It is said he would have liked to see Strauss speaker of the house, but he will make no fight against the present party managers unless they oppose his ambitions.

INDIANA APPOINTMENTS.

Washington, Jan. 13.—Among the appointments sent to the senate by the president today were the following for Indiana:

To be surveyor of customs at Indianapolis, Archibald A. Young.

Postmasters for Indiana—Chauncey D. Sherwin, Goshen; Albert S. Peacock, Attica; Elliott E. Barnard, Delphi; Andrew A. Laird, Frankfort; Andrew M. Willoughby, Greensburg; Ellis G. Darnell, Lebanon; Wm. C. Vance, Noblesville; Andrew Morrissey, Notre Dame; Wm. H. Mallory, Veedersburg; Wm. O. Protsman, Vevay; Robert S. Potts, Thorntown; B. W. Scott Wiseman, Culver.

PLANNED HUMAN SACRIFICE.

Baker City, Ore., Jan. 13.—A human sacrificial offering was prevented yesterday by the timely arrival of state officers of charity upon the scene in this city. Hy Wong, a paralytic Chinaman who has been a county charge, was returned to the care of his countrymen in Chinatown. While he was an inmate at the county hospital his queue had been cut off. On this account the Chinese made preparations to offer him as a sacrifice to Joss. Hy Wong managed to get a message to the officers at the hospital, and they rescued him before his life, like his queue, was cut short. It is asserted that all the preparations for Hy Wong's execution had been completed when the rescuers arrived at the Joss house.

ARMY OFFICER SEEKS DEATH.

San Francisco, Jan. 13.—While suffering from dementia Capt. W. J. D. Horne, of the Ninth United States cavalry, tried to cut his throat with a butcher knife. He entered a fruit store owned by A. Dalporto, who was dressing a chicken in the rear part of the store, and asked whether the knife he was using was sharp. "It is," said Dalporto, and in an instant Horne grabbed it and slashed himself across his throat. Dalporto grappled with the captain and a desperate struggle followed. The shouting and the scuffling between the two men, both standing six feet high and each weighing 200 pounds, brought a crowd and with the aid of several men Horne was overpowered and taken to a hospital.

TWO FATAL FAMILY AFFAIRS.

New Richmond, Wis., Jan. 13.—J. W. Schmidt, assistant head miller of a flour mill at Burkhardt village, fifteen miles south of here, shot his wife and then himself at their home. Both are alive, but their condition is very critical. The shooting was the result of domestic trouble.

Madison, Wis., Jan. 13.—Benjamin C. Keig, a boilermaker, today killed his wife and then cut his own throat, at their home in this city, where they conducted a students' boarding house. Keig is still alive, but probably will die.

William H. Gross, of the Indiana Furniture company, will erect a cottage this spring at Rome City.

A musical and literary entertainment will be given in St. Paul's M. E. church on Tuesday evening, January 21.

"I want ter see de proprietor."
"He's engaged, miss."
"I know he is. I'm his girl."
